The Letters Of Absolon:

Catalogue Maggs Bros, 1897 Defining Deutschtum David Brodbeck, 2014-09-16 Defining Deutschtum Political Ideology German Identity and Music Critical Discourse in Liberal Vienna offers a nuanced look at the intersection of music cultural identity and political ideology in late nineteenth century Vienna Drawing on an extensive selection of writings in the city's political press correspondence archival documents and a large body of recent scholarship in late Habsburg cultural and political history author David Brodbeck argues that Vienna's music critics were important agents in the public sphere whose writings gave voice to distinct sometimes competing ideological positions These conflicting positions are exemplified especially well in their critical writings about the music of three notable composers of the day who were Austrian citizens but not ethnic Germans Carl Goldmark a Jew from German West Hungary and the Czechs Bedřich Smetana and Antonín Dvořák Often at stake in the critical discourse was the question of who and what could be deemed German in the multinational Austrian state For critics such as Eduard Hanslick and Ludwig Speidel traditional German liberals who came of age in the years around 1848 Germanness was an attribute that could be earned by any ambitious bourgeois including Jews and those of non German nationality by embracing German cultural values The more nationally inflected liberalism evident in the writings of Theodor Helm with its particularist rhetoric of German national property in a time of Czech gains at German expense was typical of those in the next generation educated during the 1860s The radical student politics of the 1880s with its embrace of racist antisemitism and irredentist German nationalism just as surely shaped the discourse of certain young Wagnerian critics who emerged at the end of the century This body of music critical writing reveals a continuum of exclusivity from a conception of Germanness rooted in social class and cultural elitism to one based in blood Brodbeck neatly counters decades of musicological scholarship and offers a unique insight into the diverse ways in which educated German Austrians conceived of Germanness in music and understood their relationship to their non German fellow citizens Defining Deutschtum is sure to be an essential text for scholars of music history cultural studies and late 19th century Central European culture and society

The Transylvanian Trilogy, Volumes II & III Miklos Banffy, 2013-07-02 Washington Post Best Books of 2013 The celebrated TRANSYLVANIAN TRILOGY by Count Miklos Banffy is a stunning historical epic set in the lost world of the Hungarian aristocracy just before World War I Written in the 1930s and first discovered by the English speaking world after the fall of communism in Hungary Banffy's novels were translated in the late 1990s to critical acclaim and appear here for the first time in hardcover They Were Found Wanting and They Were Divided the second and third novels in the trilogy continue the story of the two aristocratic cousins introduced in They Were Counted as they navigate a dissolute society teetering on the brink of catastrophe Count Balint Arady a liberal politician who defends his homeland's downtrodden Romanian peasants loses his beautiful lover Adrienne who is married to a sinister and dangerously insane man while his cousin László loses himself in reckless and self destructive addictions Meanwhile no one seems to notice the

gathering clouds that are threatening the Austro Hungarian Empire and that will soon lead to the brutal dismemberment of their country Set amid magnificent scenery of wild forests snowcapped mountains and ancient castles THE TRANSYLVANIAN TRILOGY combines a Proustian nostalgia for a lost world insight into a collapsing empire reminiscent of the work of Joseph Roth and the drama and epic sweep of Tolstoy **Harvey's Four letters, and sonnets, touching Robert Greene; Pierce's supererogation; [and] New letter of notable contents.
