The Moral Molecule How Trust Works:

The Moral Molecule Paul J. Zak, 2012-05-10 A Revolution in the Science of Good and Evil Why do some people give freely while others are cold hearted Why do some people cheat and steal while others you can trust with your life Why are some husbands more faithful than others and why do women tend to be more generous than men Could the key to moral behavior lie with a single molecule From the bucolic English countryside to the highlands of Papua New Guinea from labs in Switzerland to his campus in Southern California Dr Paul Zak recounts his extraordinary stories and sets out for the first time his revolutionary theory of moral behavior Accessible and electrifying **The Moral Molecule** reveals nothing less than the origins of our most human qualities empathy happiness and the kindness of strangers **The Moral Molecule** Paul J. Zak, 2013-11-26 Philosophy economics and biology have rarely been so entertaining Matt Ridley author of *Genome* Paul J Zak's proclivity for taking blood samples has earned him a nickname as the vampire economist But his sanguinary habit is backed by his scientific quest What if there was a master switch for human behavior On and people are loving and generous Off and they revert to violence and greed By studying thousands of blood samples Zak has pinpointed just such a switch a brain chemical called oxytocin Sprinting around the globe and into the human brain **The Moral Molecule** is a dazzling narrative as erudite and entertaining as bestsellers like *Flow Drive* and *Why We Love*

The Brain-Friendly Workplace Friederike Fabritius, 2022-10-11 WALL STREET JOURNAL BESTSELLER A smart science based approach to retaining your talent and making the world of work a better place Today's work isn't working Stress and burnout are driving talented professionals out of the workforce while the corporate standard of extreme hours sleep deprivation and nonstop travel proves unsustainable But innovative leaders are using this once in a century opportunity to create a future of work that's better for everyone The workplace of tomorrow is a hybrid ecosystem that thrives on flexibility and diversity of thought enabling all employees to reach peak performance Every person's brain is different and by taking an inclusive view towards neurosignature diversity organizations can get a competitive advantage In **The Brain Friendly Workplace** Friederike Fabritius offers a science based and field tested blueprint for tomorrow's workplace Leaders capable of enacting change or individuals searching for ways to work smarter will discover that even small and inexpensive changes can lead to advantages like better employee performance higher job satisfaction and stronger talent retention If you have been longing for a better way of working where you and your people are both happy and productive **The Brain Friendly Workplace** can make that vision a reality

Love: A Good Medicine (The Saga of the Elixir of Life) (Introducing 'LoveOlogy') Dr. Siddhartha Ganguli, 2024-01-15 The human emotion of love has its own spectrum like the rainbow with its two extremes represented by two different neurochemicals Dopamine Smart Love Short lived or Short Love and Oxytocin Sustained Love In the ancient Indian Natya Shastra of the great Bharata Muni the essence or rasa of love is Sringara having at its two poles Kama lust and Prema pure love As illustrations of the Sringara rasa the author has analysed a number of love song lyrics from different cultures In this book

while the author has looked at and analysed love from the angles of bio medical social psychological and neurological sciences one unique concept shared is that of the love pie A very special section deals with Futuristic Love where the author has discussed the idea of having a love relationship with AI Artificial Intelligence Special contributions by the Stellar Maestro world famous polymath musician astrophysicist philosopher painter Dr Leonid Timoshenko of Russia and the top ranking gynaecologist and obstetrician Dr Gouri Kumra from India are precious value additions **The Art of Compassionate**

Business Bruno R. Cignacco,2023-12-01 There are several well ingrained assumptions regarding the dynamics of work and business activities which can be refuted Some examples of these widespread assumptions in business and work environments are employees being viewed as commodities competitors perceived as threats companies resources seen as limited and customers perceived as scarce and difficult All this leads to the question Is there a way to perform business activities more humanely The second edition of this book challenges the reader to change the way they perform in business situations and become more focused on the human aspects of business activities The users of this knowledge and those affected by them will undergo a profound transformation in the way they perform business activities They will benefit from gradually testing and implementing the guidelines conveyed in this book both in the business environment and in the workplace When readers put these principles into practice positive ripple effects are bound to affect other stakeholders of the organisation they work for or own The author has refreshed all the concepts and examples introduced in the first edition which include aspects related to mission and vision passion business mindset organisational learning improvement of business conversations use of constructive criticism and betterment of relationships with the most relevant stakeholders customers suppliers intermediaries community employees etc The author also includes a discussion of creativity and the innovation process as well as other relevant aspects related to a healthy business environment and provides various real life examples of companies which have adopted a loving attitude towards their stakeholders which has become so important in the current business environment **The Art of Understanding Your Building's Personality** Wayne P. Sayer,2020-05-14 Wayne reveals how

the human body was used as the model for creating the buildings and high rise structures we live and work in today Yet more telling he walks us through scientific evidence that shows how our buildings and structures can communicate with people He uses a number of analogies and real life experiences to reveal how buildings and facilities operate and communicate He systematically interconnects your cognitive functions with facilities related processes These interrelated functions encompass reasoning memory attention and related facility engineering terms which lead directly to the attainment of information and in turn enhance your understanding as a current and future facilities professional as well as that of a novice that would just simply like to know of Wayne's exploits or a basic curiosity of just how buildings work Daisy Gallagher a global Who's Who within the built environment and Washington DC insider advances the Foreword of this book to introduce a number of Wayne's achievements and teachings that includes Wayne being recognized by the 114th Congress of the United States She shares

how Wayne takes the wrapper off some of America's most prestigious companies and organizations to share a few of his insights and dealings with some of these recognizable structures while ultimately convincing you that buildings are people too

The Four Moons in the Human Body Dr. Siddhartha Ganguli, 2023-10-12 The Bauls Fakirs of Bengal and Bangladesh certainly constitute a breed different from other ethnic religious sects They do not believe in worshipping in any citadel of religion like a temple a mosque or a church They have the conviction that the body itself is the habitat of cosmic energy and also that the entire cosmos is present in a living body They compare the body with a cage and the soul with an unknown bird which has come to stay for some time only Most of the Bauls who are not just singers but serious followers of the Baul path do not believe in replication creating any future progeny They adopt special procedures for sexual union with menstruated female partners to retain the semen without losing it To learn this very special technique which they do not share with any one they have to take the help of learned and experienced Gurus who also teach them weird rituals like Chari Chandra Bhed which involves consumption of semen menstrual blood urine and faeces These folk medicine practices help them to keep diseases away and maintain good health There have been lot of surveys and studies on the Bauls Fakirs primarily of historical religious and sociological nature This book goes a little deep to look at their songs lifestyle philosophy practices from biological psychological management angles to establish that the Baulsphere is based on concepts and practices that have been proven scientific from modern research studies

The Activator Advantage Matthew Dixon, Rory Channer, Karen Freeman, Ted McKenna, 2025-05-20 A proven approach used by today's best professional service partners to win retain and grow client relationships There is a growing problem in the professional services industry that is often acknowledged but rarely discussed clients even long standing ones for whom firms have consistently delivered unquestioned value are much less loyal to those firms and partners than they once were This dramatic shift in client behavior has rendered traditional approaches to business development not only ineffective but counterproductive But top performers have figured out a radical new approach that is redefining what it means to be a rainmaker in today's professional services market Drawing on a comprehensive quantitative study of nearly three thousand partners spanning law accounting consulting investment banking executive search and public relations The Activator Advantage identifies five types of partners found across the professional services landscape and shows how only one of them the Activator drives consistent growth Activators deeply embed business development habits into their daily workflow aggressively leverage their internal and external networks and proactively deliver both business and personal value to clients all of which not only helps shield them from the vagaries of modern client buying behavior but also lays the groundwork for more loyal longer lasting relationships Packed with eye opening data counterintuitive insights and robust case examples The Activator Advantage provides the road map for any professional services partner or firm leader looking to chart a path to greater client engagement internal collaboration and firm profitability in the new era of fading client loyalty

The Pentagon's Brain Annie Jacobsen, 2015-09-15 Discover the

definitive history of DARPA the Defense Advanced Research Project Agency in this Pulitzer Prize finalist from the author of the New York Times bestseller Area 51 No one has ever written the history of the Defense Department's most secret most powerful and most controversial military science R D agency In the first ever history about the organization New York Times bestselling author Annie Jacobsen draws on inside sources exclusive interviews private documents and declassified memos to paint a picture of DARPA or the Pentagon's brain from its Cold War inception in 1958 to the present This is the book on DARPA a compelling narrative about this clandestine intersection of science and the American military and the often frightening results

The Centering Pregnancy Model Sharon Schindler Rising, Charlotte Houde Quimby, 2016-12-13 Describes a highly effective alternative health care paradigm Two distinguished leaders in nurse midwifery provide a comprehensive examination of an effective well known model of perinatal care associated with improved health outcomes and reduced costs This book describes basic tenets of the Centering Healthcare Model which brings cohorts of people with similar health care needs together in a circle group setting for care It encourages meaningful dialog between the patient other patients clinicians the family and the community The chapters discuss the clinical practice landscape leading to the model's development its use in clinical practice and its widespread and continuing growth as an effective alternative to traditional care Interspersed with comments and stories of support from Centering alumni both group members and health care professionals this book provides information on how to implement the group model in practice and maintain the three foundations of the model health care interactive learning and community building Chapters describe the power of the group process through facilitative leadership to encourage behavior change and personal empowerment Data documents increased satisfaction with care and better health outcomes Key Features Describes the theoretical underpinnings and foundations of the Centering Model Demonstrates ways that the Centering Model achieves improved health care outcomes and reduced costs Discusses the impact of evidence based research on providers administrators and policy makers Focuses on implementation science relating to stages of system redesign and supportive mentoring Includes personal stories from patients providers and staff Demonstrates the validity and applicability of the model to a variety of healthcare fields and practices

Hurricane Lizards and Plastic Squid Thor Hanson, 2021-09-28 A New York Times Editor's Choice pick Shortlisted for the 2022 Pacific Northwest Book Awards A beloved natural historian explores how climate change is driving evolution In Hurricane Lizards and Plastic Squid biologist Thor Hanson tells the remarkable story of how plants and animals are responding to climate change adjusting evolving and sometimes dying out Anole lizards have grown larger toe pads to grip more tightly in frequent hurricanes Warm waters cause the development of Humboldt squid to alter so dramatically that fishermen mistake them for different species Brown pelicans move north and long spined sea urchins south to find cooler homes And when coral reefs sicken they leave no territory worth fighting for so aggressive butterfly fish transform instantly into pacifists A story of hope resilience and risk Hurricane Lizards and Plastic Squid is natural history for readers of Bernd

Heinrich Robin Wall Kimmerer and David Haskell It is also a reminder of how unpredictable climate change is as it interacts with the messy lattice of life *The 'Real' Ramakrishna (As I Have Come to Know Him as Ramakrishna's Child)* Dr. Siddhartha Ganguli,2024-09-05 It is an almost impossible task to know to understand the REAL Ramakrishna The Paramhansa was gracious enough to expose his REAL Self to some who deserved Quotes from one of Sri Sri Ramakrishna s closest devotees The author who is at present the only unparalleled scholar in the domain of Ramakrishna related literature has looked at the Avatar as if using all available measurement tools A very special feature of the present work of the author is My Thoughts on the Father s Day where the author establishes most logically and rationally that most biological parents have limitations in making us understand the meaning and purpose of birth and life on this planet We do need Spiritual Parents to guide us through The author has most strongly felt that Ramakrishna is his Spiritual Father Those who have never been exposed to the REAL Ramakrishna are likely to think him mad being a witness to his diverse sports leela The author has used his meticulous researching skill to bring to light the REAL Ramakrishna and the manifold facets of his super extraordinary personality many of which have remained undiscovered by even the most well known Ramakrishna scholars both Indian and foreign The author through the most innovative seven chapters of the book has concluded that the REAL Ramakrishna is not mad it is those who think and call him mad are mad *The Five-Faced Hindu God and My Tryst with Five Super Souls* Siddhartha Ganguli,2025-03-26 The Foreword by Professor Robert Morace of Daemen College Amherst New York USA This unique volume is an endeavour to build a bridge between Science and Spirituality The Five Super Souls are three scientific and two spiritual all are very dear to the author s heart To link the essence of their teachings with religion the Five Faced Hindu God Heramba has stepped into the beginning Then there has been a rapid shift to the cosmos where normal visible matter are only 5 percent whereas Dark Matter and Dark Energy constitute 27 and 68 percent respectively of the pie of the universe In Hinduism the god of preservation Lord Vishnu and his eighth incarnate Lord Krishna and the God of destruction Lord Shiva are dark in colour Even Goddess Kali who emerged from the forehead of Goddess Durga is a fierce ferocious dark deity These gods and goddesses in their idol forms represent dark matter and when life is infused into them by their genuine devoted worshippers they become most powerful sources of dark energy The author explains it very clearly through the earthly sports leela of the two avatars Sri Krishna Chaitanya and Sri Sri Ramakrishna It is a one stop reading and at the end of the smart exposure you feel that Science and Spirituality are inseparable Nothing really exists that we in general parlance regard as miracles **Battles of the Sexes** Joe Malone,Sarah Achelpohl Harris,2018-07-03 A fresh look at relationships between twenty first century females and males In the twenty first century it is no longer just the battle of the sexes but individual battles of the sexes that pose challenges to how men and women relate to each other Battles of the Sexes helps men and women understand their own sexual nature as well that of the opposite sex and develop sexual empathy for each other Leading young adult health experts Joe Malone PhD and Sarah Harris MS RDN provide insight into the mismatch both

sexes endure between our rapidly changing culture and our inherited nature and the resulting battles both genders fight Cutting edge yet understandable science is used to illustrate things like the effect of women s menstrual cycles and the chemical and visual laws of attraction Malone and Harris lay out what motivates the genders inside relationships particularly men and their relationship with women and women and their relationship with food in a way that encourages sexual empathy Battles of the Sexes illuminates how couples can recognize chemical dangers to their bonds and gives singles valuable insights for dating empowering loving lasting committed romance between men and women that will benefit not only individuals but also our entire species

Social Engineering Christopher Hadnagy,2018-06-25 Harden the human firewall against the most current threats Social Engineering The Science of Human Hacking reveals the craftier side of the hacker s repertoire why hack into something when you could just ask for access Undetectable by firewalls and antivirus software social engineering relies on human fault to gain access to sensitive spaces in this book renowned expert Christopher Hadnagy explains the most commonly used techniques that fool even the most robust security personnel and shows you how these techniques have been used in the past The way that we make decisions as humans affects everything from our emotions to our security Hackers since the beginning of time have figured out ways to exploit that decision making process and get you to take an action not in your best interest This new Second Edition has been updated with the most current methods used by sharing stories examples and scientific study behind how those decisions are exploited Networks and systems can be hacked but they can also be protected when the system in question is a human being there is no software to fall back on no hardware upgrade no code that can lock information down indefinitely Human nature and emotion is the secret weapon of the malicious social engineering and this book shows you how to recognize predict and prevent this type of manipulation by taking you inside the social engineer s bag of tricks Examine the most common social engineering tricks used to gain access Discover which popular techniques generally don t work in the real world Examine how our understanding of the science behind emotions and decisions can be used by social engineers Learn how social engineering factors into some of the biggest recent headlines Learn how to use these skills as a professional social engineer and secure your company Adopt effective counter measures to keep hackers at bay By working from the social engineer s playbook you gain the advantage of foresight that can help you protect yourself and others from even their best efforts Social Engineering gives you the inside information you need to mount an unshakeable defense

THE THIRD EYE—The Mystery of Sri Sri Ramakrishna's Visions Dr. Siddhartha Ganguli,2024-11-21 The 19th century Hindu super saint Avatar Sri Sri Ramakrishna descended on earth as a God incarnate to bring about harmony between different religions some of those believing in gods without forms and a few having faith on gods and goddesses with forms He was an evangelist of spirituality rather than a religious missionary His every step every move was based on his clear visions of the far and near pasts as well as the proximal and distant futures This was possible because of the mystical powers of his open and active third eye The author

who is until now the only Ramakrishna scholar who has been studying him deeply bio behaviourally explains with adequate authentic supportive data that the third eye is not an imaginary concept of a creative thinker It is very much a power of the human brain's Pineal Gland It is the only sensory organ that the subtle bodied soul carries to the post death world after leaving the two biological eyes in the lifeless mortal body The book includes a list of all third eye powers that have been discovered until now and also talks about the astha siddhis the eight very special powers that the yogis acquire through sadhana There is a brief discussion also on the seven planes of existence and the post death realms where the souls move once we die

The Art and Psychology of Board Relationships Joy Harcup, Helen Hopper, 2023-09-26 The relationships within boards can make or break an organisation but well functioning relationships take skill and effort to maintain This book looks at the psychology behind individual and group behaviour and offers tactics and power tools to help make a success of your board career The book shares advice and practical tips from 40 experienced board members from the worlds of corporates the public sector and charities on how to spot and manage complex dynamics And each chapter ends with techniques for unlocking tricky board relationships that you can put into practice immediately The authors examine case studies and explore topics such as psychodynamics cognitive behavioural psychology and neuroscience for insights into how boards react under pressure They then demonstrate how to practise the ART of managing board relationships by increasing Awareness Relating constructively to others and choosing Tactics to ease tensions and foster collaboration The Art and Psychology of Board Relationships The Secret Life of Boards reveals why board relationships lie at the heart of organisational success and how you can use them to gain competitive edge It is essential reading for current and aspiring board members coaches facilitators and anyone with an interest in boardroom dynamics
