Eliot* Joseph Maddrey,2009-05-13 This chronological survey of major influences on T S Eliot s worldview covers the poet s spiritual and intellectual evolution in stages by trying to see the world as Eliot did It examines his childhood influences as well as the literary influences that inspired him to write his earliest poetry his life as an American expatriate living in London from 1915 to 1930 including his ill fated marriage and his intellectual engagement with the literary traditions of his new country and the ways in which his intellectual pursuits fostered a spiritual rebirth that simultaneously reflected his past and revealed his future demonstrating how the early Romantic revolutionary became a staunch defender of tradition **The Supernatural in Short Fiction of the Americas**

Dana Del George, 2001-08-30 The continuing cultural encounters of the Americas between European and indigenous cultures and between scientific materialism and premodern supernaturalism have originated new narrative forms While supernatural short fiction of the Americas belongs to the broad category of the fantastic which is generally approached synchronically reading audiences of the past 200 years have shifted their beliefs about the supernatural several times While nineteenth century readers understood science as real and the supernatural as imaginary modern audiences recognize both as inaccurate a shift which allows authors of supernatural fiction to celebrate premodern indigenous beliefs which were once disdained by a materialist culture This book situates supernatural short fiction of the Americas within the changing cultural and epistemological contexts of the last 200 years and explores how authors have drawn upon a wealth of indigenous traditions The book begins with a discussion of theories of the supernatural and the fantastic It then looks at some of the first encounters of European and Native American supernatural beliefs and points to the common elements of these early traditions The volume next focuses on American literature of the nineteenth century which has a complex fusion of materialist biases and metaphysical fascinations The final portion of the book gives greater attention to Spanish American literature and the blending of the supernatural with attitudes of nostalgia and uncertainty
