The Oxford Handbook Of The Welfare State

Hill, Michael, Irving, Zoë

The Oxford Handbook Of The Welfare State:

The Oxford Handbook of the Welfare State Francis G. Castles,Stephan Leibfried,Jane Lewis,Herbert Obinger,Christopher Pierson,2012-09-06 The Oxford Handbook of the Welfare State is the authoritative and definitive guide to the contemporary welfare state In a volume consisting of nearly fifty newly written chapters a broad range of the world s leading scholars offer a comprehensive account of everything one needs to know about the modern welfare state The book is divided into eight sections It opens with three chapters that evaluate the philosophical case for and against the welfare state Surveys of the welfare state s history and of the approaches taken to its study are followed by four extended sections running to some thirty five chapters in all which offer a comprehensive and in depth survey of our current state of knowledge across the whole range of issues that the welfare state embraces The first of these sections looks at inputs and actors including the roles of parties unions and employers the impact of gender and religion patterns of migration and a changing public opinion the role of international organisations and the impact of globalisation The next two sections cover policy inputs in areas such as pensions health care disability care of the elderly unemployment and labour market activation and their outcomes in terms of inequality and poverty macroeconomic performance and retrenchment The seventh section consists of seven chapters which survey welfare state experience around the globe and not just within the OECD Two final chapters consider questions about the global future of the welfare state The individual chapters of the Handbook are written in an informed but accessible way by leading researchers in their respective fields giving the reader an excellent and truly up to date knowledge of the area under discussion Taken together they constitute a comprehensive compendium of all that is best in contemporary welfare state research and a unique guide to what is happening now in this most crucial and contested area of social and political development

The Oxford Handbook of U.S. Social Policy Daniel Beland,Christopher Howard,Kimberly J. Morgan,2014-11-06 The American welfare state has long been a source of political contention and academic debate This Oxford Handbook pulls together much of our current knowledge about the origins development functions and challenges of American social policy After the Introduction the first substantive part of the handbook offers an historical overview of U S social policy from the colonial era to the present This is followed by a set of chapters on different theoretical perspectives available for understanding and explaining the development of U S social policy The three following parts of the volume focus on concrete social programs for the elderly the poor and near poor the disabled and workers and families Policy areas covered include health care pensions food assistance housing unemployment benefits disability benefits workers compensation family support and programs for soldiers and veterans The final part of the book focuses on some of the consequences of the U S welfare state for poverty inequality and citizenship Many of the chapters comprising this handbook emphasize the disjointed patterns of policy making inherent to U S policymaking and the public private mix of social provision in which the government helps certain groups of citizens directly e g social insurance or indirectly e g tax

expenditures regulations The contributing authors are experts from political science sociology history economics and other social sciences

Historical Dictionary of the Welfare State Bent Greve, 2014-03-06 Definitions of the welfare state often focus on how and why a state intervenes in the economy and welfare of the individual citizen A welfare state does not however have to mean state intervention it may merely reflect the state's restrictions and the demands of the labor market families and the rest of civil society This book covers the history of the welfare state from Chancellor Otto von Bismarck's reforms in Germany starting in 1883 to the present day This third edition of Historical Dictionary of the Welfare State covers the history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 400 hundred cross referenced entries that focus on the definitions and concepts that are the most relevant long lasting and important concepts It provides insights from major areas in social science including sociology economics political science and social work This book is an excellent access point for students researchers and anyone wanting to know more about the welfare state

Architecture and the Welfare State Mark Swenarton, Tom Avermaete, Dirk van den Heuvel, 2014-09-15 In the decades following World War Two and in part in response to the Cold War governments across Western Europe set out ambitious programmes for social welfare and the redistribution of wealth that aimed to improve the everyday lives of their citizens Many of these welfare state programmes housing schools new towns cultural and leisure centres involved not just construction but a new approach to architectural design in which the welfare objectives of these state funded programmes were delineated and debated The impact on architects and architectural design was profound and far reaching with welfare state projects moving centre stage in architectural discourse not just in Europe but worldwide This is the first book to explore the architecture of the welfare state in Western Europe from an international perspective With chapters covering Austria Belgium France Germany Italy The Netherlands Sweden and the UK the book explores the complex role played by architecture in the formation and development of the welfare state in both theory and practice Themes include the role of the built environment in the welfare state as a political project the colonial dimension of European welfare state architecture and its export to Africa and Asia the role of welfare state projects in promoting consumer culture and economic growth the picture of the collective produced by welfare state architecture the role of architectural innovation in the welfare state the role of the architect as opposed to construction companies and others in determining what was built the relationship between architectural and social theory the role of internal institutional critique and the counterculture Contributors include Tom Avermaete Eve Blau Nicholas Bullock Miles Glendinning Janina Gosseye Hilde Heynen Caroline Maniaque Benton Helena Mattsson Luca Molinari Simon Pepper Michelle Provoost Lukasz Stanek Mark Swenarton Florian Urban and Dirk van den Heuvel

Comparative Political Economy Ben Clift, 2021-02-02 This is a book about how 21st century capitalism really works Modern economics strips away social historical and political context from analysis of the economic but the economy is far too important to leave exclusively to the economists Comparative Political Economy CPE is a much broader richer

intellectual undertaking which re embeds the analysis of the economic within the social and political realm This is at the heart of how to think like a political economist This text maps the terrain and evolution of CPE providing the analytical tools to explore the many variants of capitalism unearthing their roots in competing visions of the desirable distribution of the fruits of growth Connecting CPE systematically to the subfield of International Political Economy IPE the book explains how these visions generate ongoing political struggles over how to regulate and manage capitalism This is the perfect introduction to the field for all students of CPE and IPE New to this Edition Fully revised and updated throughout to take into account the latest empirical and theoretical developments in this fast moving field A brand New chapter on the political economy of inequality populism Trump Brexit New expanded how to use this book aimed at student readers More coverage of the types of economies covered to move from an exclusively Western focus to cover developing and emerging global economies

The SAGE Encyclopedia of World Poverty Mehmet Odekon, 2015-06-15 The SAGE Encyclopedia of World Poverty Second Edition addresses the persistence of poverty across the globe while updating and expanding the landmark work Encyclopedia of World Poverty originally published in 2006 prior to the economic calamities of 2008 For instance while continued high rates of income inequality might be unsurprising in developing countries such as Mexico the Organization of Economic Co operation and Development OECD reported in May 2013 even countries with historically low levels of income inequality have experienced significant increases over the past decade including Denmark Sweden and Germany The U N and the World Bank also emphasize the persistent nature of the problem It is not all bad news In March 2013 the Guardian newspaper reported Some of the poorest people in the world are becoming significantly less poor according to a groundbreaking academic study which has taken a new approach to measuring deprivation The report by Oxford University s poverty and human development initiative predicts that countries among the most impoverished in the world could see acute poverty eradicated within 20 years if they continue at present rates On the other hand the U N says environmental threats from climate change could push billions more into extreme poverty in coming decades All of these points lead to the need for a revised updated and expanded edition of the Encyclopedia of World Poverty Key Features 775 evaluated and updated and 175 entirely new entries New Reader s Guide categories Signed articles with cross references Further Readings will be accompanied by pedagogical elements Updated Chronology Resource Guide Glossary and thorough new Index The SAGE Encyclopedia of World Poverty Second Edition is a dependable source for students and researchers who are researching world poverty making it a must have reference for all academic libraries

Ideal Types in Comparative Social Policy Christian Aspalter, 2020-12-06 This book introduces readers to the world of ideal types within the readings of Max Weber by giving a theoretical understanding of ideal types as well as applying the development of ideal types to an array of social policy arenas The 21st century has seen the development of welfare regime analysis marked by two differing strands real typical welfare regime analyses and ideal typical welfare regime analysis the latter focusing on the formation development

and application of ideal types in general comparative social policy Designed to provide new theoretical and practical frameworks as well as updated in depth developments of ideal typical welfare regime theory this book shows how Weber's method of setting up and checking against ideal types can be used in a wide variety of policy areas such as welfare state system comparison comparative social and economic development health policy mental health policy health care system analysis gender policy employment policy education policy and so forth The book will be of interest to all scholars and students working in the fields of social policy including health policy public policy political economy sociology social work gender studies social anthropology and many more *Knowledge Production in European Universities* Kwiek

Marek, 2012-11-23 The book studies transformations of European universities in the context of globalization and Europeanization the questioning of the foundations of the Golden Age of the Keynesian welfare state public sector reforms demographic changes the massification and diversification of higher education and the emergence of knowledge economies Such phenomena as academic entrepreneurialism and diversified channels of knowledge exchange in European universities are linked to transformations of the state and changes in public sector services The first contextual part of the book studies the changing state university relationships and the second empirically informed part draws from several recent large scale comparative European research projects Exploring the World of Social Policy Hill, Michael, Irving, Zoë, 2020-04-22 This bold new textbook represents a significant step forward in social policy teaching by combining comparative and global perspectives Introducing readers to a wide spread of international challenges and issues the book shows how insights into policy can be generated using a comparative and multidisciplinary approach Global in its canvas and analytical in its method the book explores the economic social and political contexts of social policy examines in detail its institutions and fields of practice illustrates the field's main ideas themes and practices drawing on a rich international literature and using pertinent and thought provoking examples Authored by two highly respected and experienced academics this book demonstrates the rewards of studying social policy from an international perspective by avoiding the constraints of a single nation focus Clear authoritative and wide ranging it will be essential reading for students of social sciences taking courses covering social policy social welfare and comparative policy analysis *Politics of Segmentation* Georg Picot, 2013-06-17 When political parties

make policy decisions they are influenced by the competition they face from other parties This book examines how party competition and party systems affect reforms of social protection Featuring a historical comparison of Italy and Germany post 1945 the book shows how a high number of parties and ideological polarisation lead to fragmented and unequal social benefits Utilising a comparative approach the author brings together two important issues in welfare state research that have been insufficiently investigated Firstly the complex influence of party competition on social policy making and second how some social groups enjoy better social protection than others Moving beyond the two countries of the case study the book proposes an innovative framework for studying segmentation of social protection and applies this framework to a wider

set of 15 advanced welfare states Overall this book draws together different strands of research on political parties and on welfare states and introduces a new argument on how party politics shapes social policy An invaluable text on the political economy of the welfare state Politics of Segmentation will be of interest to scholars of political economy social policy and comparative politics

Family Policy and Disability Arie Rimmerman, 2015-01-22 This book explores the status and scope of family policies related to households of children with disabilities providing an in depth evidence based review of legal programmatic issues It includes a discussion of the gaps between family needs and contemporary family policies in the United States and European countries as demonstrated in these households surveys In addition the volume offers a comparative analysis of cash benefits tax credits and deductions and in kind provisions between the United States and select European countries UK France and Sweden Most importantly this book identifies and continues the discussion regarding the critical role of family centered policies as expressed in the United Nations Convention on the Rights of Persons with Disabilities UNCRPD as well as the future of family policy toward families of children with disabilities at a time of economic crisis

The Future of Social Policy Bent Greve, 2025-04-01 This book analyses trends and data relating to issues affecting social policy in mature welfare states in Europe and uses these elements to further our understanding of and ability to try to say something about the future of social policy its direction and content Looking at the financial crisis of 2008 the refugee crisis in Europe COVID 19 the climate crisis ageing populations and the rise of artificial intelligence it shows how these may also have an impact on future social policy including what kind of social policy might be needed because of changes in living conditions across the continent Written by one of Europe s more prominent social policy experts this book the first of its kind will be required reading for all scholars and students of social policy social welfare public policy sociology and social work

Why Democracy Is Oppositional John Medearis, 2015-06-09 John Medearis argues that democracies face challenges which go beyond civic lethargy and unreasonable debate Democracy is inherently a fragile state of affairs because citizens create the very institutions that overwhelm them Hostile threats are the product of their own collective activities and preserving democracy will always entail struggle

Teaching Social Policy Zoë Irving, 2023-11-03 Drawing together international perspectives and disciplinary sub fields of comparative and global social policy this book provides an insightful guide for educators and academics embarking on or revisiting the design and teaching of classes courses and programmes in and around social and public policy

Parties, Institutions and Preferences Erik Baltz, Sven Kosanke, Susanne Pickel, 2022-05-13 The book focuses on the traditional view of party voter representation parties and their respective positions and party systems as central actors the role of governmental institutions as well on policy inputs outputs and outcomes and the agenda setting process The fundamental characteristics of the political actors such as political parties and the party system and their ideological composition are dealt with The role governmental institutions play in the policy making process are exemplified covering the characteristics of the agenda setting power and the consequences for the government s

survival The results of these mechanisms are analyzed while focusing on some classical policies of comparative research such as social and environmental policy *Nordic Earner-Carer Politics* Anne Lise Ellingsæter, 2024-01-18 This insightful book provides a comprehensive comparative historical analysis of the formation and evolution of Nordic earner carer policies over five decades Spanning parental leave father quotas daycare services and cash for childcare allowances it explores the key roles that ideas and political parties play in the policy reform process *Evolutionary Governance Theory* Raoul Beunen, Kristof Van Assche, Martijn Duineveld, 2014-12-02 This volume presents empirical studies and theoretical reflections on Evolutionary Governance Theory EGT its most important concepts and their interrelations As a novel theory of governance EGT understands governance as radically evolutionary which implies that all elements of governance are subject to evolution that these elements co evolve and that many of them are the product of governance itself Through this book we learn how communities understand themselves and their environment and why they create the complex structures and processes we analyze as governance paths Authors from different disciplines develop the EGT framework further and apply it to a wide range networks of power governance of agricultural resources etc The contributors also reflect on the possibilities and limitations of steering intervention management and development in a world continuously in flux It bridges the gap between more fundamental and philosophical accounts of the social sciences and applied studies offering theoretical advancements as well as practical recommendations **Dismantling Public Policy** Michael W. Bauer, 2012-12-13 Dismantling does not even merit a mention in most public policy textbooks The Politics of Advanced Capitalism Pablo Beramendi, Silja Häusermann, Herbert Kitschelt, Hanspeter Kriesi, 2015-04-23 This book serves as a sequel to two distinguished volumes on capitalism Continuity and Change in Contemporary Capitalism Cambridge 1999 and Order and Conflict in Contemporary Capitalism 1985 Both volumes took stock of major economic challenges advanced industrial democracies faced as well as the ways political and economic elites dealt with them However during the last decades the structural environment of advanced capitalist democracies has undergone profound changes sweeping deindustrialization tertiarization of the employment structure and demographic developments This book provides a synthetic view allowing the reader to grasp the nature of these structural transformations and their consequences in terms of the politics of change policy outputs and outcomes In contrast to functionalist and structuralist approaches the book advocates and contributes to a return of electoral and coalitional politics to political economy research **Comparative Government and Politics** John McCormick, Martin Harrop, Rod Hague, 2022-04-06 Offering a comprehensive introduction to the comparison of governments and political systems this new edition helps students to understand not just the institutions and political cultures of their own countries but also those of a wide range of democracies and authoritarian regimes from around the world This new edition offers A revised structure to aid navigation and understanding New learning features Using Theory and Exploring Problems designed to help students think comparatively Empirical global examples with increased coverage of non Western scholarship and

analyses Coverage of important contemporary topics including minorities LGBTQ issues identity politics women in politics political trust populism Covid 19 Featuring a wide range of engaging learning features this book is an essential text for undergraduate and postgraduate courses on Comparative Politics Comparative Government Introduction to Politics and Introduction to Political Science
