variety of roles in their child's life as confidante, teacher, friend, disciplinarian, and manager, and for parents of children with ADHD, it is essential for these roles to be assumed with consistency and energy 24 hours a day. This book is written by an experienced pediatrician who has worked with many families in understanding and developing successful interventions and is intended to offer support and guidance for parents and children in dealing with the everyday reality of ADHD. In addition, the author stresses the importance of involving children and students in their own treatment with the belief that every child or adolescent diagnosed with ADHD can benefit to a significant degree by their own active participation in an appropriate treatment plan. The *Attention Zone* includes diaries and forms for a family to use together in the privacy of their own home, as well as a carefully selected resource list of books and videotapes for adults, teenagers, and children.

The Parents' Guide to ADHD Medicines Peter Hill, 2021-04-21. This reassuring guide explains prescribed ADHD medicines for children in clear everyday language. Based on questions the author has received from countless families in his work as a Consultant Psychiatrist, the expert information in this book answers the most pressing questions a parent will have about ADHD medicines: how they work, what they do, what is available, and how to talk about them to your children. This book sheds light on why not all medicines are easily available, the differences between certain medications and their level of effectiveness, all based on scientific evidence. This information will support parents in discussions with medical professionals, explaining the practicalities and demystifying the terminology around medication and treatments. The book also provides insights into the decisions behind prescribing certain medicines and how they should be taken. Armed with this guide, parents as well as teachers and others working with kids with ADHD can feel confident and assured when their child is prescribed treatments for ADHD.
