

Kite Runner: Chapter 17

Element	Notes
Plot summary	Rahim Khan hands Amir a letter from Hassan, which also contains a polaroid photo of Hassan with his son Sohrab. In the letter, he describes the vast killings and entrenched fear that is a part of life in Afghanistan under the Taliban. Hassan then describes Sohrab - how he can read and slingshot like an expert. Hassan then details his fears for Rahim Khan's health, but remains hopeful for the future and thankful for what he has. Rahim Khan then tells Amir how Hassan and Farzana were shot by the Taliban and asks him to take Sohrab to an orphanage. Rahim Khan then drops the bombshell that Amir and Hassan were half-brothers - Ali was sterile.
Characters	Not a likely chapter - possibly Sohrab or Farzana.
Themes and features	Amir's deep guilt is felt when he flashbacks to the children of Kabul taunting Ali's appearance. Amir also states that <i>"it hit me again, the enormity of what I had done that winter and that following summer"</i>. The opening tone of Hassan's letter to Amir is very submissive and respectful, as he hints that maybe a photo of Amir will <i>"grace our eyes"</i>. This makes Amir sound regal and a religious tone is also created through phrases such as <i>"in the light of Allah's good graces"</i>. This mirrors how Hassan has only recently learnt to read and write and hasn't developed his own style. The first section of Hassan's letter strikes a reminiscent and regretful tone with the phrase <i>"alas the Afghanistan of our youth is long dead"</i>. He also remarks how the Taliban had no <i>"human decency"</i> or respect for women - they even struck Farzana over the head for speaking too loudly. Hassan still finds joy in life however and enjoys showing Sohrab things which he used to love - e.g. there is <i>"still a monkey man in Shar-e-Nau"</i>. Hassan appears to live vicariously through his son, who is presented as almost a carbon-copy of him. He even takes Sohrab to read the Shahnama underneath the pomegranate tree, which is now dead and dried up, reflecting the barren and violent land of Afghanistan. This is also ironic as the pomegranate is a symbol of fertility in Afghan culture, suggesting that nothing can survive in the country's harsh climate. Hassan prays for Rahim Khan every day, but knows that he will lose him eventually. This is a major worry for Hassan as it would mean that they have to leave Baba's house in Kabul. Hassan also worries about Sohrab, as him and Rahim Khan are <i>"so close to each other"</i>. Hassan also has vivid dreams - luckily most of

In *The Kite Runner* Khaled Hosseini tells the story of the friendship between a privileged young boy Amir and his poor servant Hassan in Kabul in the 1970s. The two boys' innocence is shattered one day and their friendship forever changes because of a random act of brutality against Hassan. As the boys grow apart and start their own lives, *The Kite Runner* follows the transformation of Afghanistan from a peaceful and isolated country to a living hell. Even as Amir has immigrated to America and thinks that he has left his old life behind, a call one day brings him back home to confront his past. *The Kite Runner* is Khaled Hosseini's first published novel. Born in Kabul, Afghanistan, to a diplomat father, Hosseini and his family received political asylum and immigrated to the United States in 1980. Hosseini was a physician living in northern California at the time *The Kite Runner* was published. Hosseini's childhood memories of pre-Soviet Afghanistan, his own brief friendship with a Hazara servant, and his family's immigrant experience in the United States inspired him to write the novel. Artificial intelligence has been utilized in a diverse range of industries as more people and businesses discover its many uses and applications. A current field of study that requires more attention, as there is much opportunity for improvement, is the use of artificial intelligence within literary works and social media analysis. *The Handbook of Research on Artificial Intelligence Applications in Literary Works and Social Media* presents contemporary developments in the adoption of artificial intelligence in textual analysis of literary works and social media and introduces current approaches, techniques, and practices in data science that are implemented to scrap and analyze text data. This book initiates a new multidisciplinary field that is the combination of artificial intelligence, data science, social science, literature, and social media study. Covering key topics such as opinion mining, sentiment analysis, and machine learning, this reference work is ideal for computer scientists, industry professionals, researchers, scholars, practitioners, academicians, instructors, and students. *Waves* Dr. Sarveen Kaur Sachdeva, 2022-08-22. In the novels, the diverse worldviews and impulsive behavior of the protagonists were tested. Topics were raised and touched upon in the roles played. The importance of theories helped to understand their roles and their development at different stages. The youth today are far superior; they don't think they're too young to be pampered, and they

don't have to be old enough to take responsibility. The main problem was the space for conversation between them and their parents who in their opinion were not able to decide whether their decision is personal or social and do not even force adolescents to take responsibility. During this time the most common difficulty someone faces in life is peer pressure. Even their elders repeatedly told them about right and wrong experiences but they deliberately ignored them. The problems that all the main characters faced and suffered played a big role in its development. Thus children always need proper guidance and support which can never be given to them by instilling fear in them. Adolescence is the age at which theories of theorists are used and implied. Young people are involved in various illegal activities such as terrorism, begging, drug delivery and drug use. All they need is proper guidance, care and love from parents and teachers. Through the implied versions of learning and the phases of the child protagonist included with the feeling of sin, redemption, guilt, inequality, anguish, fear, and in the end of the novels the protagonist felt with the feelings of optimism and to grow for the betterment in the lives. **The Gospel for**

Muslims Thabiti Anyabwile, 2018-01-02. How to meet a critical need: sharing the gospel with Muslims. There are over three million Muslims living in the United States today. Soon if not already you will have Muslim neighbors and coworkers. Does the thought of reaching out to them with the gospel make you nervous? How can you effectively communicate the good news with such large theological differences? The Gospel for Muslims can help make sharing your faith easier than you think. Thabiti Anyabwile, who is himself a convert from Islam to Christianity, instructs you in ways to discuss the good news of Christ with your neighbors and friends. The Gospel for Muslims allows you to focus on the people rather than the religious system. Meant for the average Christian, it is not an exhaustive apologetic or comparative study of Christianity and Islam. Rather, it compellingly stirs confidence in the gospel, equipping you with the basics necessary to communicate clearly, boldly, and winsomely. **Reading as Therapy** Timothy Aubry, 2006-05-01.

Why do Americans read contemporary fiction? This question seems simple but is it? Do Americans read for the purpose of aesthetic appreciation? To satisfy their own insatiable intellectual curiosities? While other forms of media have come to monopolize consumers' leisure time in the past two decades, book clubs have proliferated. Amazon has sponsored thriving online discussions. Oprah Winfrey has inspired millions of viewers to read both contemporary works and classics, and novels have retained their devoted following within middlebrow communities. In *Reading as Therapy*, Timothy Aubry argues that contemporary fiction serves primarily as a therapeutic tool for lonely, dissatisfied middle-class American readers, one that validates their own private dysfunctions while supporting elusive communities of strangers unified by shared feelings. Aubry persuasively makes the case that contemporary literature's persistent appeal depends upon its capacity to perform a therapeutic function. *Reading as Therapy* traces the growth and proliferation of psychological concepts focused on the subjective interior within mainstream middle-class society and the impact this has had on contemporary fiction. The

prevailing tendency among academic critics has been to decry the personal emphasis of contemporary fiction as complicit with the rise of a narcissistic culture the ascendancy of liberal individualism and the breakdown of public life Reading as Therapy by contrast underscores the varied ideological effects that therapeutic culture can foster To uncover the many unpredictable ways in which contemporary literature answers the psychological needs of its readers Aubry considers several different venues of reader response including Oprah's Book Club and Amazon customer reviews the promotional strategies of publishing houses and a variety of contemporary texts ranging from Khaled Hosseini's *The Kite Runner* to Anita Shreve's *The Pilot's Wife* to David Foster Wallace's *Infinite Jest* He concludes that in the face of an atomistic social landscape contemporary fiction gives readers a therapeutic vocabulary that both reinforces the private sphere and creates surprising forms of sympathy and solidarity among strangers

Children and Violence Bina D'Costa, 2016-10-04 Children's diverse experiences during periods of conflict post conflict and peacetime reveal that their roles in society and political communities are complex Based on this premise this book suggests that understanding children's roles involves a critical analysis of where the child is

situated within her his family within socio political networks and within the state Through examining various case studies in South Asia a region that is marked as much by its homogeneity as by its immense diversity the book observes that significant tensions exist between universal and local approaches to childhood It reflects how the development of international and national discourses on children s rights and protection is relevant to children s everyday lives in situations of conflict
