Game Research Methods: An Overview Patri Lankoski,Staffan Björk,et al.,2015 Games are increasingly becoming the focus for research due to their cultural and economic impact on modern society However there are many different types of approaches and methods than can be applied to understanding games or those that play games This book provides an introduction to various game research methods that are useful to students in all levels of higher education covering both quantitative qualitative and mixed methods In addition approaches using game development for research is described Each method is described in its own chapter by a researcher with practical experience of applying the method to topic of games Through this the book provides an overview of research methods that enable us to better our understanding on games Provided by publisher *The Legend of Zelda: Majora's Mask* Gabe Durham,2020-10-26 You ve met with a terrible fate

haven't you Those grim words hang over the entirety of Majora's Mask the sixth entry in the Legend of Zelda series In his darkest adventure Link must relive the same three days over and over again to prevent the moon from colliding into the kingdom of Termina and ending the world Made with a small team in a single year for the Nintendo 64 from the assets of its predecessor Majora's Mask could have been a shameless cash in but instead has gained wide recognition as the most mysterious mature and touching game in the series It's also the Zelda game that has inspired more inventive fan theories and bone-chilling internet horror stories than might be expected from a high fantasy adventure Through rigorous research and a new in-depth interview with Majora's North American localizer Jason Leung writer and editor Gabe Durham investigates the relationship between Majora's fast-paced adaptive development and the meaning projected onto its story by players and shines a light on the strange and tumultuous romance between art and fandom *100 Greatest Console Video Games* Brett Weiss, 2014-10-28 Production histories reviews gameplay details and more Video games from many companies and platforms placed in context with games today Numerous quotes about the games from industry professionals

The Video Game Theory Reader 2 Bernard Perron, Mark J.P. Wolf, 2008-11-19 The Video Game Theory Reader 2 picks up where the first Video Game Theory Reader Routledge 2003 left off with a group of leading scholars turning their attention to next generation platforms the Nintendo Wii the PlayStation 3 the Xbox 360 and to new issues in the rapidly expanding field of video games studies The contributors are some of the most renowned scholars working on video games today including Henry Jenkins Jesper Juul Eric Zimmerman and Mia Consalvo While the first volume had a strong focus on early video games this volume also addresses more contemporary issues such as convergence and MMORPGs The volume concludes with an appendix of nearly 40 ideas and concepts from a variety of theories and disciplines that have been usefully and insightfully applied to the study of video games

Speedrunning David Snyder, 2017-11-29 More than 30 years after its 1985 release on the Nintendo Entertainment System Super Mario Bros continues to be one of the best-selling video games of all time For many completing the classic side-scrolling platformer remains challenging enough to provide many hours of entertainment In late 2016 an American gamer known online as darbian completed the game in record time rescuing Princess Peach in 4 minutes 56 seconds darbian practices speedrunning a method of play in which quick reflexes and intimate familiarity with games are used to complete them in the fastest possible time Through 10 interviews with darbian and other elite speedrunners this book explores the history and techniques of this intense and competitive type of gaming

Wordplay and the Discourse of Video Games Christopher A. Paul, 2012-03-15 In this timely new book Christopher Paul analyzes how the words we use to talk about video games and the structures that are produced within games shape a particular way of gaming by focusing on how games create meaning lead to identification and division persuade and circulate ideas Paul examines the broader social discourse about gaming including the way players are socialized into games the impact of the lingering association of video games as kids' toys the dynamics within specific games including Grand Theft Auto and EA Sports Games and the ways in

which players participate in shaping the discourse of games demonstrated through examples like the reward system of World of Warcraft and the development of theorycraft Overall this book illustrates how video games are shaped by words design and play all of which are negotiated ongoing practices among the designers players and society that construct the discourse of video games
