The Church In Many Houses Steve Cordle, 2014-01-01 Although the largest churches in the world are cell based many have questioned whether the model will work in North America The Church In Many Houses Reaching Your Community Through Cell Based Ministry makes the case that the cell model will work if key assumptions about spiritual growth and the nature of the church are reexamined and renewed By drawing on scripture research and insights gained through personal experience as the pastor of a growing cell church Steve Cordle identifies the four pivotal philosophical shifts necessary for the cell approach to work These are mindset shifts that move from programs to relationships the purposes of the church are best fulfilled in the cell group instead of in programs member to disciple maker every member can and should become a group leader educating to equipping spiritual growth is not knowing more but applying more come and see to go and show the power of penetration evangelism Impose a cell structure upon a congregation that has not yet made these philosophical shifts we are likely to fail But when people adopt these biblical mindset changes the cell approach will seem natural and will result in great unity and effectiveness The Church In Many Houses will help congregations make the changes that are necessary for success
