and other serious criminals in this way The book uses case studies through history and takes a look at how the introduction of the Murder Act shaped our relationship with gibbeting for years to come and how we as a society demanded the most shocking post mortem treatment of criminals Whether gibbeting was ever a successful deterrent it is still a fascination today and gibbet cages remain on display in museums all over the country I have to say that I was not aware that gibbeting involved metal cages nor how society clamored for post mortems on gibbeted victims Absolutely fascinating but not for the faint hearted Books Monthly
