The Nameless Traveler:

The Nameless Traveler Olivier Wali LaVigne-Ortiz, 2014-11-01 This philosophical tale is the story of a little lost traveler Carrying nothing but a few musical instruments he sets out barefoot on his journey He has no store of food He no longer has the innate sense of direction that we all once had He cannot tell north from south nor east from west He recognizes only the sky which from above reminds him that he is not completely lost

Walking Home Margaret Guenther, 2011 Retellings of the walking stories of Scripture and how they unpack the truths about spiritual life Jesus walks everywhere with his disciples always arriving departing on the way somewhere else Adam and Eve walked out of the garden Lot and his daughters walked out of Sodom Abraham and Isaac walked to Mt Moriah the Israelites walked for forty years to the promised land the Prodigal Son walked home barefoot the disciples walked to Emmaus The spiritual life is oftentimes about putting one foot in front of another always on the way never home until crossing another new threshold However the point of all our walking whether tedious or joyous rambling or goal oriented is getting home as this splendid author illustrates in this reflective work

Outside, America Hikaru Fujii, 2013-04-25 The idea of the outside as a space of freedom has always been central in the literature of the United States This concept still remains active in contemporary American fiction however its function is being significantly changed *Outside America* argues that among contemporary American novelists a shift of focus to the temporal dimension is taking place No longer a spatial movement the quest for the outside now seeks to reach the idea of time as a force of difference a la Deleuze by which the current subjectivity is transformed In other words the concept is taking a temporal turn Discussing eight novelists including Don DeLillo Richard Powers Paul Theroux and Annie Proulx each of whose works describe forces of given identities masculine identity historical temporality and power etc which block quests for the outside Fujii shows how

the outside in these texts ceases to be a spatial idea With due attention to critical and social contexts the book aims to reveal a profound shift in contemporary American fiction

Education in the School of Dreams Jennifer Lynn Peterson,2013-05-22 In the earliest years of cinema travelogues were a staple of variety film programs in commercial motion picture theaters These short films also known as scenics depicted tourist destinations and exotic landscapes otherwise inaccessible to most viewers Scenics were so popular that they were briefly touted as the future of film But despite their pervasiveness during the early twentieth century travelogues have been overlooked by film historians and critics In Education in the School of Dreams Jennifer Lynn Peterson recovers this lost archive Through innovative readings of travelogues and other nonfiction films exhibited in the United States between 1907 and 1915 she offers fresh insights into the aesthetic and commercial history of early cinema and provides a new perspective

on the intersection of American culture imperialism and modernity in the nickelodeon era Peterson describes the travelogue s characteristic form and style and demonstrates how imperialist ideologies were realized and reshaped through the moving image She argues that although educational films were intended to legitimate filmgoing for middle class audiences travelogues were not simply vehicles for elite ideology As a form of instructive entertainment these technological moving landscapes were both formulaic and also wondrous and dreamlike Considering issues of spectatorship and affect Peterson argues that scenics produced and disrupted viewers complacency about their own place in the world Romanticism on the Road T. Benis,2000-03-02 Romanticism on the Road challenges critical orthodoxy by arguing that Wordsworth rejected the political dogmas of his age Refusing to ally with either radicals or conservatives after the French Revolution the poet seizes on vagrants to attack the binary thinking dominating public affairs and to question the value of the Georgian domestic ideal Drawing on current and historical discussions of homelessness the study offers a cultural history of vagrancy and explains why Wordsworth chose the homeless to bear his message **Bad Old Days of Montana** Randi Samuelson-Brown,2023-09-08
