**Two Studies in the Greek Atomists** David J. Furley, 2015-12-08 The two studies *Indivisible Magnitudes* and *Aristotle and Epicurus on Voluntary Action* explain two doctrines in the philosophy of Epicurus first by a detailed examination of the ancient Greek and Latin texts which describe them and second by showing how earlier Greek philosophy gave rise to the problems Epicurus tackled Originally published in 1967 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Virtu and Voluptas in Cassone Painting* Paul F. Watson, 1983 **Slave Theater in the Roman Republic** Amy Richlin, 2017-12-28 Roman comedy evolved early in the war torn 200s BCE Troupes of lower class and slave actors traveled through a militarized landscape full of displaced persons and the newly enslaved together the actors made comedy to address mixed class hybrid multilingual audiences Surveying the whole of the Plautine corpus where slaves are central figures and the extant fragments of early comedy this book is grounded in the history of slavery and integrates theories of resistant speech humor and performance Part I shows how actors joked about what people feared natal alienation beatings sexual abuse hard labor hunger poverty and how street theater forms confronted debt violence and war loss Part II catalogues the onstage expression of what people desired revenge honor free will legal personhood family marriage sex food free speech a way home through memory and manumission or escape all complicated by the actors maleness Comedy starts with anger *Problems in Titian, Mostly Iconographic* Erwin Panofsky, 1969 Titian's fame as the greatest colorist in the history of painting has led students of his art to concentrate on problems of style and authenticity rather than on problems of content and meaning Dr Panofsky treats this neglected aspect of the Venetian master's work with a wealth of humanistic scholarship exploring such varied topics as Titian's relationship to the philosophy and literature of his time his attitude toward the antique and the reasons behind his unrivaled acclaim as a portraitist These studies show Titian to have been a man of far richer and more complex culture than hitherto assumed possessed not only of the supremely gifted hand but of a subtle and poetic mind Dr Panofsky thus deepens our insight into the workings of a great artist's imagination and guides us to a fuller understanding of his genius At the time Dr Panofsky was preparing this book for publication he wrote The illustrations were made from the best available originals and are all in black and white not in spite of but because of the fact that Titian was the greatest colorist that ever lived Book jacket *The Catholic University Bulletin* Catholic University of America, 1904 *The Comedy of Errors* Robert S. Miola, 2013-07-04 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's *A Comedy of Errors* Miola's edited work also features a comprehensive critical history coupled with a full

bibliography and photographs of major productions of the play from around the world In the collection there are five previously unpublished essays The topics covered in these new essays are women in the play the play's debt to contemporary theater its critical and performance histories in Germany and Japan the metrical variety of the play and the distinctly modern perspective on the play as containing dark and disturbing elements To compliment these new essays the collection features significant scholarship and commentary on *The Comedy of Errors* that is published in obscure and difficult accessible journals newspapers and other sources This collection brings together these essays for the first time *The Catholic University Bulletin*, 1904 *Selections from the less known latin poets* North Pinder, 1869 *The Principles of Latin Grammar ...* Peter Bullions, 1850 **Claudian with an English Translation by Maurice Platnauer (Complete)** Claudius Claudianus, 2020-09-28 Claudius Claudianus may be called the last poet of classical Rome He was born about the year 370 A D and died within a decade of the sack of the city by Alaric in 410 The thirty to forty odd years which comprised his life were some of the most momentous in the history of Rome Valentinian and Valens were emperors respectively of the West and the East when he was born and while the former was engaged in constant warfare with the northern tribes of Alamanni Quadi and Sarmatians whose advances the skill of his general Theodosius had managed to check the latter was being reserved for unsuccessful battle with an enemy still more deadly It is about the year 370 that we begin to hear of the Huns The first people to fall a victim to their eastward aggression were the Alans next came the Ostrogoths whose king Hermanric was driven to suicide and by 375 the Visigoths were threatened with a similar fate Hemmed in by the advancing flood of Huns and the stationary power of Rome this people after a vain attempt to ally itself with the latter was forced into arms against her An indecisive battle with the generals of Valens was followed by a crushing Roman defeat in the succeeding year August 9 378 at Adrianople where Valens himself but recently returned from his Persian war lost his life Gratian and his half brother Valentinian II who had become Augusti upon the death of their father Valentinian I in 375 would have had little power of themselves to withstand the victorious Goths and Rome might well have fallen thirty years before she did had it not been for the force of character and the military skill of that same Theodosius whose successes against the Alamanni have already been mentioned Theodosius was summoned from his retirement in Spain and made Augustus January 19 379 During the next three years he succeeded with the help of the Frankish generals Bauto and Arbogast in gradually driving the Goths northward and so relieved the barbarian pressure on the Eastern Empire and its capital In 381 Athanaric the Gothic king sued in person for peace at Constantinople and there did homage to the emperor In the following year the Visigoths became allies of Rome and for a time at least the danger was averted Meanwhile the West was faring not much better Gratian after an uneasy reign was murdered in 383 by the British pretender Magnus Maximus From 383 to 387 Maximus was joint ruler of the West with Valentinian II whom he had left in command of Italy rather from motives of policy than of clemency but in the latter year he threw off the mask and crossing the Alps descended upon his colleague whose court was at Milan Valentinian fled to

Thessalonica and there threw himself on the mercy of Theodosius Once more that general was to save the situation
