*The Emergence Of The Nio Ideology* Craig Murphy, 2019-07-11 This study traces the political history of the ideas underlying Third World calls for a New International Economic Order Filling a significant gap in the literature the book shows that NIEO ideology has a direct unbroken line of development extending back to World War II when a new international economic order the Bretton Woods system was created Dr Murphy maintains that NIEO ideology is not rooted only in Third World acceptance of Prebisch's views on trade rather it evolved from Third World attempts to cope with problems and opportunities that emerged as the Bretton Woods system was created operated and began to break down By the 1970s the ideology had become a complex and coherent analysis of the economic position of Third World states including a political analysis of how Third World views could be made dominant Many of Dr Murphy's conclusions challenge the conventional wisdom about the Third World position of the NIEO In addition his study offers insight into the relatively unexplored area of how changes in political and social consciousness affect international systems and provides grounds on which officials from both the South and the North can see the others views as less alien Statutory Rules and Orders Other Than Those of a Local, Personal Or Temporary Character Great Britain, 1937 *Politics and the Press in Indonesia* Angela Romano, 2013-05-13 This book explores the evolving political culture in Indonesia by discussing the country's dominant political philosophies then showing how those philosophies affect the working lives of ordinary Indonesian citizens It focuses in particular on the working lives of news journalists a group that occupies a strategic social and political position *Islam and Political Legitimacy* Shahram Akbarzadeh, Abdullah Saeed, 2003-09-02 Akbarzadeh and Saeed explore one of the most challenging issues facing the Muslim world the Islamisation of political power They present a comparative analysis of Muslim societies in West South Central and South East Asia and highlight the immediacy of the challenge for the political leadership in those societies Islam and Political Legitimacy contends that the growing reliance on Islamic symbolism across the Muslim world even in states that have had a strained relationship with Islam has contributed to the evolution of Islam as a social and cultural factor to an entrenched political force The geographic breadth of this book offers readers a nuanced appraisal of political Islam that transcends parochial eccentricities Contributors to this volume examine the evolving relationship between Islam and political power in Bangladesh Indonesia Iran Malaysia Pakistan Saudi Arabia and Uzbekistan Researchers and students of political Islam and radicalism in the Muslim world will find Islam and Political Legitimacy of special interest This is a welcome addition to the rich literature on the politics of the contemporary Muslim world Reports of Cases Argued and Determined in the Supreme Court of the State of Louisiana. *Hard, Hard Religion* John Hayes, 2017-09-19 In his captivating study of faith and class John Hayes examines the ways folk religion in the early twentieth century allowed the South's poor both white and black to listen borrow

and learn from each other about what it meant to live as Christians in a world of severe struggle Beneath the well documented religious forms of the New South people caught in the region s poverty crafted a distinct folk Christianity that spoke from the margins of capitalist development giving voice to modern phenomena like alienation and disenchantment Through haunting songs of death mystical tales of conversion grassroots sacramental displays and an ethic of neighborliness impoverished folk Christians looked for the sacred in their midst and affirmed the value of this life in this world From Tom Watson and W E B Du Bois over a century ago to political commentators today many have ruminated on how despite material commonalities the poor of the South have been perennially divided by racism Through his excavation of a folk Christianity of the poor which fused strands of African and European tradition into a new synthesis John Hayes recovers a historically contingent moment of interracial exchange generated in hardship
