Blasted with Antiquity David Ellis,2023-05-25 Given the increasing number of old people the proliferation of books about old age is hardly surprising Most of these come from cultural historians or social scientists and when those with a literary background have tackled the subject they have largely done so through what are known as period studies In Blasted with Antiquity David Ellis provides an alternative Skipping nimbly from Cicero to Shakespeare and from Wordsworth to Dickens and beyond he discusses various aspects of old age with the help of writers across European history who have usually been regarded as worth listening to Eschewing extended literary analyses Ellis addresses retirement physical decay sex in old age the importance of family legacy wills and nostalgia as well of course as dying itself While remaining alert to current trends his approach is consciously that of the old way of teaching English rather than the new Whether blasted with antiquity like Falstaff in *Henry IV Part Two* or with the shining morning face of an unwilling student his accessible and witty style will appeal to young and old alike *The House of the Father As Fact and Symbol* J. David Schloen,2018-07-17 The first two
