1. **Abstract** – A summary provided after introduction, before the main body of the text. It should be written last, after the conclusion, and should be concise and to the point. It should include the purpose of the study, the methods used, the results, and the conclusions. It should be written in a clear and concise manner, using simple language and avoiding technical jargon. It should be written in a way that is easy to read and understand, and it should be written in a way that is easy to cite and reference.
2. **Introduction** – The introduction is the first section of the paper, and it should be written in a clear and concise manner. It should provide a brief overview of the topic, and it should state the purpose of the study. It should also provide a brief overview of the methods used, and it should state the results. The introduction should be written in a way that is easy to read and understand, and it should be written in a way that is easy to cite and reference.
