Transcript 1B Q1

Hi, there's a very interesting question... Well, physically, I take after my mum, I suppose. Our facial features are pretty similar – same eyes, same-shaped forehead. I've seen photos of her when she was my age and apart from the slight hairstyle and the slight image of each other. Some people say that there can be a strong family resemblance between big dad and me. I can't see it myself, not clearly anyway – although there are certain similarities in our physical build. I also seem to have inherited his big feet, actually. For me, it was the first thing my parents noticed when I was born. Personality-wise, I've got a lot of my dad's traits. In me, there's both quiet beauty and beauty for two people and... and we share quite a similar approach to life. When it comes to work, though, I reckon I've got more in common with my mum. She's got a knack of making really brilliant birthday presents for me, for it's always, presents or whatever, basically because she has the same kind of things as I do. We also have a liking for the same kinds of food, the films and the music... and, well, of all our

shared interests and stuff, it's a lot of things really, it's something that's passed on to me genetically, or is it? I'm not sure! What's wrong?
