

ENTREPRENEURSHIP Unit II

Module 1: Essential Business Ownership

TYPES OF BUSINESS VENTURES

Functions of a business:

1. To produce goods and services
2. Creating jobs and training employees
3. Purchase goods and services for resale
4. Raise money by borrowing

Objectives of a business:

1. To produce a stream of income
2. To create employment
3. Security of employment
4. Corporate social responsibility

Reasons Businesses are established

Starting a business is a lot of hard work. Therefore persons who decide to start a business must be ready to dedicate a lot of time and energy to its start-up. It is also very costly and therefore capital will have to be identified to inject into a new business.

Reasons for starting a Business:

1. Financial Independence

Some persons feel restricted financially with the income received from their job. Starting a business would give them the opportunity to be a successful business person and achieve financial independence.

2. Being your own boss

You are able to make decisions about the direction and operation of the business.

3. To use your skills and knowledge for yourself

The skills, knowledge and experience that you have acquired can be put to work for you.

4. Self-actualization/fulfilment

Owning and operating a successful business will give a feeling of accomplishment.

5. To create employment for relatives, friends and community members

Business can assist in providing jobs for persons in communities with high levels of unemployment.

Venture Capital and Private Equity Josh Lerner, Felda Hardyman, Ann Leamon, 2012-02-14 The 5th edition of Lerner's Venture Capital and Private Equity A Casebook continues to present the important historical cases of private equity while incorporating a number of new relevant and timely cases from previous best selling issues. It includes more cases relevant to the text's four main goals: understanding the ways in which private equity firms work; applying the key ideas of corporate finance to the industry; understanding the process of valuation and critiquing valuation approaches of the past and present; and an approach which has proved very successful over the past four editions. This casebook contains cases and notes designed to provide an understanding of the history of the private equity industry's development and the workings of the industry today. By explaining the industry on a case by case basis, this text promises to address the critical question of whether gains made in recent years have been sustained and how firms will respond to the current opportunities and challenges. **Financing**

the Entrepreneurial Venture Paul A. Gompers, 2024-06-04 Financing the Entrepreneurial Venture focuses on financial management within entrepreneurial firms. Most of these are young firms, although some are more established. The book examines these firms at all phases of their life cycle, from the initial idea generation to the ultimate harvesting of the venture. The book covers firms in a diverse set of industries, including high technology, low technology, and services. A significant fraction of the cases focus on non-US ventures. Additionally, the issues of gender and diversity are addressed in a number of settings. The Outsourcing Lifecycle, 2005-08 *Resources in Education*, 1998 National Academy for the Integration of Research and Teaching and Learning in Higher Education Cynthia Deane, 2007 **Venture Capital Investing** David Gladstone, Laura Gladstone, 2004 In his classic bestseller Venture Capital Handbook, leading venture capitalist David Gladstone showed thousands of companies how to get funding and work with early stage investors. Now in his revision of the classic Venture Capital Investing, he looks at venture capital through the eyes of the investor. Gladstone shows all of you VC investors and angels exactly how to weed through scores of business proposals and find the gem that will deliver outstanding returns, especially in these soft economic times. You will learn what to look for in a business proposition, how to assess entrepreneurs and their management teams, how to evaluate financial statements, market niches, competitive environments, and product innovations, how to investigate a business that's already operating, and how to build effective partnerships with existing portfolio companies. **Competitive Advantage, Strategy and Innovation in Africa** Mohammed El Amine Abdelli, Nawal Chemma, Soudani Ahlem, Samir B. Maliki, Gurmeet Singh, 2023-09-25 The competitiveness of companies plays an important role in developing their effectiveness. But technology provides a strong competitive advantage to the companies and helps in achieving the sustainable development. This edited collection discusses various methods by which a firm can create a competitive advantage in a dynamic situation. The book highlights the strategies in global decisions related to changing business models and processes in the innovation era. The contributions by authors take readers through emerging

trends in innovation that can support managers in making more strategic decisions while reducing reconciliation and report preparation In a hyper competitive environment this book will assist researchers and management practitioners in appreciating new strategic sources Radical strategies and competitive innovation sustainable development competitiveness SMEs direct and indirect investment delocalization of businesses and value creation will all be discussed in depth Overall this volume will help readers understand the importance of real time smart business sources to gain a competitive advantage Competitive Advantage Strategy and Innovation in Africa provides essential information on contemporary issues and challenges in management and change strategies It will serve as a reference for academicians researchers and practitioners interested in the rapid transformation in the management sector due to technological advancement and high competition between companies

Training curriculum and practical manual on sustainable aquaculture Menezes, A., Murekezi, P., Martone, E., Badiane, A.A., Mulonda, B.K., 2022-05-25 The Zambia Government in collaboration with FAO undertook the elaboration of this curriculum part I within the framework of the Zambia Aquaculture Enterprise Development Project UTF ZAM 077 ZAM Furthermore FAO complemented the practicality of this curriculum by drafting and refining the Training Manual part II which has been tested in many African countries and with different stakeholders To ensure complementarity of opportunities and clear progression of education and capacity development each actor involved in the sector should strive to network with teaching institutions researchers and producers to guarantee that the curriculum remains relevant and stays abreast of developments for aquaculture practitioners this will include developing national regional and international linkages with institutions involved in aspects of training for aquaculture Therefore this curriculum will function as a living document
