Slices From A Peculiar Pie:

Planes, Passports and Porkie Pies - Slice One Mike Clarke, 2016-03-10 This book is written for all those men and women of every rank and some now dead who laboured wholly unsung often abused and largely in vain in the United Kingdom's old Immigration Service to maintain the country's border controls Mike Clarke worked for 18 years in Immigration Control in London's larger airports the last 9 as a Chief Immigration Officer In his time there he encountered every scenario you could imagine and some you'd never dream of Planes Passports and Porkie Pies Slice One details the ups and downs of his working life queues and crises joy and despair cock ups punch ups forgers robbers liars lovers thugs drugs and always the poorest of the poor Wait I hear you ask in probable shocked disbelief when you've read on a bit can these stories really be true Well all I can say is that every tale barring a number of minor changes to protect both the innocent and the part guilty not least myself is as accurate as my fallible memory allows Join Mike as he recounts just some of his more memorable moments from a man wearing a suit filled with 80 000 cash to his part in the truly shocking sudden death of the Russian Atomic Clock Planes Passports and Porkie Pies is a hilarious memoir that will particularly appeal to those familiar with the immigration sector as well as anyone who has ever suffered at the hands of mindless bureaucracy *The End of Trauma* George A. Bonanno, 2021-09-07 With groundbreaking research on the psychology of resilience Adam Grant a top expert on human trauma argues that we vastly overestimate how common PTSD is in and fail to recognize how resilient people really are After 9 11 mental health professionals flocked to New York to handle what everyone assumed would be a flood of trauma cases Oddly the flood never came In *The End of Trauma* pioneering psychologist George A Bonanno argues that we failed to predict the psychological response to 9 11 because most of what we understand about trauma is wrong For starters it's not nearly as common as we think In fact people are overwhelmingly resilient to adversity What we often interpret as PTSD are signs of a natural process of learning how to deal with a specific situation We can cope far more effectively if we understand how this process works Drawing on four decades of research Bonanno explains what makes us resilient why we sometimes aren't and how we can better handle traumatic stress Hopeful and humane *The End of Trauma* overturns everything we thought we knew about how people respond to hardship **Aunt Kate books on domestic and other subjects. No.1-37** Helen Greig Souter, 1895 **Slices from a Peculiar Pie** Wayne Edward Smith, 2014-12-09 With unpretentious charm the author serves up a most interesting glimpse of his life's journey savoring southern life both familiar and intriguingly unique From Louisiana bayous to the Arizona desert Kansas plains to the Florida Gulf even New York City in small towns and big cities each lends its own particular flavor Stir in employment diverse as radio DJ sheriff's deputy softball coach and teacher and season throughout with family ties and health situations life lessons learned and shared *Slices of a Peculiar Pie* fills a hunger you didn't know you had with uplifting humorous and challenging stories Dig in Wayne Edward Smith was born in Odessa Texas in 1943 After having polio at age 6 he set off on a life of adventures He was a radio TV

Politics Weird-o-Pedia Tim Rowland, 2019-06-04 Government and politics might seem twisted today but they've always been strange There's something about public office that throughout time has transcended normalcy *Politics Weird-o-Pedia* presents some of the oddest and most interesting political absurdities and tidbits from around the world from Peter the Great's tax on beards to a lawmaker's mistress whom he kept on the congressional payroll despite her admission that I can't type I can't file I can't even answer the phone Eminences include Some of America's Founding Fathers wanted to jail newspaper reporters A Mongolian conqueror liked to build cement walls out of the bodies of his vanquished opponents while they were still alive An all female resistance to nuclear missiles in Britain resulted in a protest that lasted for nineteen years long after the missiles were gone *Politics Weird-o-Pedia* doesn't stand still for a minute It is intriguing funny and occasionally startling It is more than a collection of trivia adding bits of context and historical vignettes that make it clear that no matter how dysfunctional politics and government might seem today we've been through it all many times before
