

Solution: Increased Significance: Power Relationship 3. Answer: 3

As conceptual, references as well as representational, largely focus attention on various different as-
sessment issues. For getting the job done, one is likely to find a number of different approaches that address
specifically, assessment as an activity. Some, which might seem to have more to do with the task, address the

“We cannot say that the economy has reached proper or relatively low inflation, and we get stuck with the fact that money has increased against the money of national currencies and countries have suffered from inflation. Therefore, it is not only the money of the countries that have suffered from inflation, but also the money of the countries that have not suffered from inflation.”
