Techniques to Sexually Please a Woman Francisco Bujan, 2011-10-12 Mastering sex is one of the most challenging experiences you can face in life Why Because it's not like you can just go to the sex gym and train these skills Sex is still VERY taboo and information and training on this topic doesn't circulate freely This book is here to answer a need My goal is to give you a simple set of techniques to bring her to incredible ecstatic orgasmic experiences The most powerful and direct way to do that is not through intercourse It is through skilled clitoris stimulation In this book I show you exactly how to do just that I share with you key pitfalls you can face when massaging her yoni how to find how much pressure she needs how fast you should move how exactly do you position yourself for best results and comfort Should you bring her to climax or can you get her to ride the orgasm wave for extended periods of time How to communicate with her while you focus on her clitoris And so much more This powerful set of sex tactics creates profound and delightful connections with your partner She will be blown away by how much pleasure and delight you can trigger in her Honestly this is EXACTLY what millions of women out there want to experience The thing is that they usually can't find partners who are skilled in the art of clitoris stimulation So they resentfully often give up on the idea of exploring this territory Expanding your sexual space to integrate these techniques is a profound and binding experience for your couple It opens a whole new energy and pleasure space in

your relationship If you are a woman longing to experience these ecstatic orgasmic feelings subtly get this book for your partner and get him to learn these techniques If you are a guy who feels stacked in his love life get it to develop these skills and expand your sexual mastery I have seen how women respond to this type of clitoris stimulation It s like tapping in a gold mine of unlimited pleasure I do believe that many women are anxiously waiting for their partners to develop that skill They simply are ashamed or don t know how to ask Next time you want to engage in romantic play surprise her with these new techniques She will be blown away by the pleasure you can unleash in her with just the simple gentle touch of your finger
