 SCORING THE EXAM The multiple choice section of the exam is scored by crediting each correct answer with one point and
 deducting one fourth of a point for each incorrect answer You will neither receive a credit nor suffer a deduction for
 unanswered questions The free response essays are graded by instructors and professors from across the country who come
 together each June for a week of non stop AP essay grading Each essay booklet is read and scored by several graders Each
 grader provides a score for the individual essays The DBQ is scored on a scale from 0 to 15 0 being the lowest and 15 the
 highest Each topic based essay receives a score from 0 to 9 These scores are concealed so that each grader is unaware of the
 previous graders assessments When the essays have been graded completely the scores are averaged one score for each
 essay so that the free response section generates three scores The total weight of the free response section is 50 percent of
 the total score Your work in the multiple choice section counts for the other 50 percent Each year grades fluctuate slightly
 because the grading scale is adjusted to take into account the performance of the total AP U S History test taker population
 When used with the corresponding chart the scoring method we present here will strongly approximate the score you would
 receive if you were sitting for the actual AP U S History exam SCORING THE MULTIPLE CHOICE SECTION For the multiple
 choice section use this formula to calculate your raw score Number right number wrong x 1 4 raw score round to the nearest
 whole number SCORING THE FREE RESPONSE SECTION For the free response section use this formula to calculate your
