evidence that includes many documents annotated or endorsed in Henry's own hand. Focusing on a series of themes: the interaction between king and church; the rise of the English language as a medium of government and politics; the role of ceremony in Henry's kingship; and more. Vale revises understandings of Henry V and his conduct of the everyday affairs of England, Normandy, and the kingdom of France. *Operating Manual* United States. Office of Personnel Management, 1994
