Gesturing Toward Reality: David Foster Wallace and Philosophy Robert K. Bolger, Scott Korb, 2014-06-19 Asked in 2006 about the philosophical nature of his fiction the late American writer David Foster Wallace replied If some people read my fiction and see it as fundamentally about philosophical ideas what it probably means is that these are pieces where the characters are not as alive and interesting as I meant them to be Gesturing Toward Reality looks into this quality of Wallace s work when the writer dons the philosopher s cap and sees something else With essays offering a careful perusal of Wallace s extensive and heavily annotated self help library re considerations of Wittgenstein s influence on his fiction and serious explorations into the moral and spiritual landscape where Wallace lived and wrote this collection offers a perspective on Wallace that even he was not always ready to see Since so much has been said in specifically literary circles about Wallace s philosophical acumen it seems natural to have those with an interest in both philosophy and Wallace s writing address how these two areas come together

The English Cyclopædia ,1861 **Classics in the History of Greek Mathematics** Jean Christianidis, 2013-04-18 The twentieth century is the period during which the history of Greek mathematics reached its greatest acme Indeed it is by no means exaggerated to say that Greek mathematics represents the unique field from the wider domain of the general history of science which was included in the research agenda of so many and so distinguished scholars from so varied scientific communities historians of science historians of philosophy mathematicians philologists philosophers of science archeologists etc while new scholarship of the highest quality continues to be produced This volume includes 19 classic papers on the history of Greek mathematics that were published during the entire 20th century and affected significantly the state of the art of this field It is divided into six self contained sections each one with its own editor who had the responsibility for the selection of the papers that are republished in the section and who wrote the introduction of the section It constitutes a kind of a Reader book which is today one century after the first publications of Tannery Zeuthen Heath and the other outstanding figures of the end of the 19th and the beg ning of 20th century rather timely in many respects
