

UNIT 3 ■ OUTCOME 2

VCE® Economics

SCHOOL-ASSESSED COURSEWORK

Introduction

Students use their understanding of Australia's economic system, influenced by Australian Government economic intervention, to analyse goods and the price system, production, markets, the distribution of income, government action, macroeconomics.

Tasks
Economic questions:

How would an individual or firm, or an organisation, make, produce, supply, demand for the following: three different or different combinations of a product or a service?

How does the price system in the economy contribute to its distribution of the highest level of production of goods and services?

How does the price system in the economy contribute to its distribution of the highest level of production of goods and services?

How does the price system in the economy contribute to its distribution of the highest level of production of goods and services?

How does the price system in the economy contribute to its distribution of the highest level of production of goods and services?

How does the price system in the economy contribute to its distribution of the highest level of production of goods and services?

How does the price system in the economy contribute to its distribution of the highest level of production of goods and services?
