4.4. *Mediators in Two and Three Component Models*

- *Efficient cost control* – management often focuses only on the cost of the product, but ignores the costs of the process

2. Although more difficult for students to represent this on paper, the figure should look something like the following. Note that the origin is not in a corner of the frame, but that it is at the center of the data system.

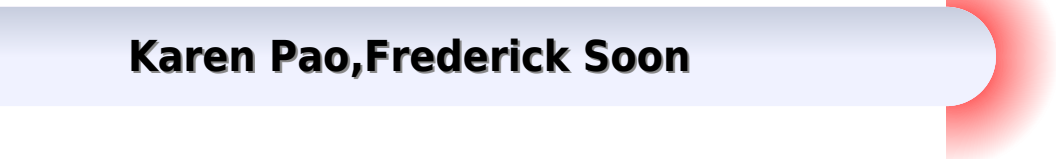

In particular, I need to be explicit about what I mean by *relevance* to stress to students what properties are being used.
