Waiting For Time Bernice Morgan:

Waiting for Time Bernice Morgan, 1994 This sequel to *Random Passage* continues the saga of the inhabitants of Cape Random. It also tells the story of today's Newfoundland, a place where the past overshadows the present and shapes the future. Lave Andrews, a young professional sent from Ottawa to assess the fisheries crisis, discovers her roots as she explores the province.

Seasons Before the War Bernice Morgan, 2018-11 Originally written for a Christmas concert given by internationally renowned children's choir Shallaway, Bernice Morgan's *Seasons Before the War* is a delightful, unsentimental remembrance of growing up in St. John's, Newfoundland, just before the city and the world changed irrevocably with the advent of WWII. This slightly fictionalized telling explores the delights of every day and of each season: how Bernice and her siblings played and passed their time watching the fire trucks put out fires at the dump, going for messages at the local shops, listening to stories by the kitchen stove, and the bigger moments of starting school and anticipating Christmas. Charged with the bright wonder of a child's view, the book nevertheless contains the shadow of change, although mentioned only in the book's title. War and its implications for childhood hang quietly over all. Painted illustrations by acclaimed UK-based illustrator Brita Granström beautifully capture the sweet nostalgia of Morgan's words and the joys of childhood. Soft and playful yet detailed and accurate, the illustrations add immeasurably to the book, making it as much an art book as a storybook. With beautiful paper, thoughtful design, and exceptional production values, this is a book to be shared between generations and to be treasured.

Anne of Tim Hortons Herb Wyile, 2011-04-25 *Anne of Tim Hortons: Globalization and the Reshaping of Atlantic Canadian Literature* is a study of the work of over twenty contemporary Atlantic Canadian writers that counters the widespread impression of Atlantic Canada as a quaint and backward place. By examining their treatment of work, culture, and history, author Herb Wyile highlights how these writers resist the image of Atlantic Canadians as improvident and regressive if charming folk. After an introduction that examines the current place of the region within the Canadian federation and the broader context of economic globalization, *Anne of Tim Hortons* explores how Atlantic Canadian writers present a picture of the region that is much more complex and less quaint than the stereotypes through which it is typically viewed. Through the works of authors such as Michael Winter, Lisa Moore, George Elliott Clarke, Rita Joe, Frank Barry, Alistair MacLeod, and Bernice Morgan, among others, the book looks at the changing and increasingly corporate nature of work, the cultural diversification, and subversive self-consciousness of Atlantic Canadian literature. Atlantic Canadian writers often take a revisionist approach to the region's history. What these writers are engaged in, the book contends, is a kind of collective readjustment of the image of the region. Rather than a marginal place stranded outside of time, Atlantic Canada in these works is very much caught up in contemporary economic, political, and cultural developments, particularly the broad sweep of economic globalization.

Tracing Ochre Fiona Polack, 2018-06-12 The supposed extinction of the Indigenous Beothuk people of Newfoundland in the early nineteenth century is a foundational moment in Canadian history. Increasingly under scrutiny, non-Indigenous perceptions of the Beothuk have had especially dire and far-reaching ramifications for contemporary Indigenous people in Newfoundland and Labrador. *Tracing Ochre* reassesses popular beliefs about the Beothuk, placing the group in global context. Fiona Polack and a diverse collection of contributors juxtapose the history of the Beothuk with the experiences of other Indigenous peoples outside of Canada, including those living in former British colonies as diverse as Tasmania, South Africa, and the islands of the Caribbean. Featuring contributions of Indigenous and non-Indigenous thinkers from a wide range of scholarly and community backgrounds, *Tracing Ochre* aims to definitively shift established perceptions of a people who were among the first to confront European colonialism in North America.

The Newfoundland Diaspora Jennifer Bowering Delisle, 2013-06-01 Out migration driven by high unemployment and a floundering economy has been a defining aspect of Newfoundland society for well over a century, and it reached new heights with the cod moratorium in 1992. This Newfoundland diaspora has had a profound impact on the province's literature. Many writers and scholars have referred to Newfoundland out migration as a diaspora, but few have examined the theoretical implications of applying this contested term to a predominantly inter-provincial movement of mainly white, economically motivated migrants. *The Newfoundland Diaspora* argues that diaspora helpfully references the painful displacement of a group whose members continue to identify with each other and with the homeland. It examines important literary works of the Newfoundland diaspora, including the poetry of E. J. Pratt, the drama of David French, the fiction of Donna Morrissey and Wayne Johnston, and the memoirs of David Macfarlane. These works are the sites of a broad inquiry into the theoretical flashpoints of affect, diasporic authenticity, nationalism, race, and ethnicity. The literature of the Newfoundland diaspora both contributes to and responds to critical movements in Canadian literature and culture, querying the place of regional, national, and ethnic affiliations in a literature drawn along the borders of the nation-state. This diaspora plays a part in defining Canada, even as it looks beyond the borders of Canada as a literary community.
