

Economics

Unit 2: How Markets Work

Investigating Price Changes Portfolio Project

Part 1: Complete *The Wall Street Journal Classroom Edition*, Chapter 6 article "Prices" and answer questions 1–3. 5 points each.

Part 2:

Find two current events articles focusing on the issue of pricing.

You may choose to use online resources recommended by Prentice Hall's *Economics: Principles in Action*. To access current events articles, click on the Chapter Outlines for Chapters 4, 5, 6, or 7 and scroll down the page and click the Keep It Current Link to find articles from *The Wall Street Journal*.

If you use other online sources you may want to enter the keywords price, supply, demand, or market equilibrium to find appropriate articles.

You may use local or national newspapers or magazines. Articles need to be sufficient in length that you will have the background information needed to complete the cause and effect chart. You may need to make inferences regarding some of the effects of the price changes.

- One article must focus on a product whose price has increased.
- One article must focus on a product whose price has dropped.

1. For each article create a cause and effect graph or flow chart showing the cause(s) of the price change and the effect(s) of the changed price. 5 points per chart

Answers should be written in complete sentences. Each answer should include supporting details and explanations.

2. How will the change in prices affect demand for each product? 5 points
3. How will the change in prices affect the producers of each product? 5 points
4. For each product, has a market equilibrium been reached? Why or why not? 5 points

Wall Street Journal Classroom Edition Answers:

Better Answers Ardith Cole,2023-10-10 Student s writing skills are improving tremendously Last year s fourth graders started using the sandwich method mid year and almost all of them scored in the highest possible category when they took the state s standardized English language arts test just a few months later Wells Central Schools Wells Central is just one of numerous schools that attribute their success to Ardith Davis Cole s Better Answers process Since 2002 her book Better Answers has offered teachers and school districts a powerful alternative to test prep workbooks It presents a dramatically different instructional model that helps students construct thoughtful test responses but it also prepares them for any task requiring thorough cogent answers to questions and prompts both in and out of school Now with students tested more frequently than ever and with teachers increasingly concerned about incorporating substantive test taking skills into children s learning Ardith Cole responds with a new updated and expanded edition of Better Answers Informed by Ardith s ongoing work in classrooms where students struggle over constructed response tasks the new edition makes the Better Answers sandwich even easier to implement The book has also been significantly reorganized as well as expanded to include two new chapters Understanding the Prompt and What to do When Also included is a resource packed CD ROM that contains everything teachers need to support their lessons and is a great tool for staff development lesson plans for text based and self based responses power point slides charts and other visual supports sets of sample texts with prompts sample student responses assessment forms extensive bibliography of print and online resources The Better Answers process is easy to grasp and uses a gradual release instructional process that begins with teacher modeling invites increasing amounts of student participation and eventually moves students into independent response writing The book clearly explains each element of the process and provides helpful activities authentic classroom vignettes and tips on how to handle typical stumbling blocks along the way

The Naked Roommate Harlan Cohen,2017-04-04 For 10 years and counting The Naked Roommate has been the 1 go to guide for your very best college experience From sharing a bathroom with 40 strangers to sharing lecture notes The Naked Roommate is your behind the scenes look at EVERYTHING you need to know about college but never knew you needed to know This essential fully updated edition is packed with real life advice on everything from making friends to managing stress Hilarious outrageous and telling stories from students on over 100 college campuses cover the basics and then some including topics on College Living Dorm dos don ts and dramas Finding People Places Patience Friend today gone tomorrow Classes To go or not to go Dating The Rules for College Love The Party Scene Sex drugs and safety first Money Grants loans and loose change In college there s a surprise around every corner Luckily The Naked Roommate has you covered This college survival guide is perfect if you are looking for 18th birthday gifts or high school graduation gifts for him or for her This freshman survival guide is one of the best dorm room gifts you can give to help them start college off right

Modern Robotics Harry Henderson,2006 Profiles eleven notable scientists in the field of robotics discussing their

research accomplishments ethical and professional obstacles and contributions Includes photographs illustrations chronology of notable events and a list of resources **H.R. 4490--First Accounts Act of 2000** United States. Congress. House. Committee on Banking and Financial Services,2001 **Straight Talk to Beginning Teachers** Matthew Bruce,H. Bernard Miller,2007-03 Security and Usability Lorrie Faith Cranor,2005-08-25 Human factors and usability issues have traditionally played a limited role in security research and secure systems development Security experts have largely ignored usability issues both because they often failed to recognize the importance of human factors and because they lacked the expertise to address them But there is a growing recognition that today s security problems can be solved only by addressing issues of usability and human factors Increasingly well publicized security breaches are attributed to human errors that might have been prevented through more usable software Indeed the world s future cyber security depends upon the deployment of security technology that can be broadly used by untrained computer users Still many people believe there is an inherent tradeoff between computer security and usability It s true that a computer without passwords is usable but not very secure A computer that makes you authenticate every five minutes with a password and a fresh drop of blood might be very secure but nobody would use it Clearly people need computers and if they can t use one that s secure they ll use one that isn t Unfortunately unsecured systems aren t usable for long either They get hacked compromised and otherwise rendered useless There is increasing agreement that we need to design secure systems that people can actually use but less agreement about how to reach this goal Security Usability is the first book length work describing the current state of the art in this emerging field Edited by security experts Dr Lorrie Faith Cranor and Dr Simson Garfinkel and authored by cutting edge security and human computerinteraction HCI researchers world wide this volume is expected to become both a classic reference and an inspiration for future research Security Usability groups 34 essays into six parts Realigning Usability and Security with careful attention to user centered design principles security and usability can be synergistic Authentication Mechanisms techniques for identifying and authenticating computer users Secure Systems how system software can deliver or destroy a secure user experience Privacy and Anonymity Systems methods for allowing people to control the release of personal information Commercializing Usability The Vendor Perspective specific experiences of security and software vendors e g IBM Microsoft Lotus Firefox and Zone Labs in addressing usability The Classics groundbreaking papers that sparked the field of security and usability This book is expected to start an avalanche of discussion new ideas and further advances in this important field Women and Men in Management Gary N. Powell,Laura M. Graves,2003 Table of contents Money Robin F. Brancato,2007-05-03 Money Getting It Using It and Avoiding the Traps The Ultimate Teen Guide is a concise practical book for young adults that addresses the all important issue of money Author Robin Brancato provides answers to the toughest questions you d ever ask about money including How much should parents and guardians subsidize you Is it fair if money gifts from Grandma have strings attached If you want a job how do you get one and how do you make

sure the benefits outweigh the hassles What kind of business could you start on your own How can you negotiate finances gracefully within your family and on your job Can you discipline yourself to put money away and if so where What does the fine print on the credit card contract say What are the exact terms of the cell phone deal And how do you deal with the friend who borrows and never pays back These questions are not only answered by the author but also by teen contributors who share their own personal stories Additionally full bibliographical source listings which steer readers to courses activities organizations and web sites are included The concluding pages complete with self evaluations will help young adults gain financial confidence for now and for the years ahead The Novice Financier Parry Laird,2005-03-15 A guide to making ends meet without any ends building a nest egg now and later investing and trading for profit Includes investing truisms financial jewels and trading secrets no cost educational resources answers to tough questions in hard financial times

Advanced Placement Economics John S. Morton,Rae Jean B. Goodman,2003 **Extraordinary Jobs in Media** Alecia T. Devantier,Carol A. Turkington,2006 Ever wonder who wrangles the animals during a movie shoot What it takes to be a brewmaster How that play by play announcer got his job What it is like to be a secret shopper The new *Debit Cards and Unsolicited Loan Checks* United States. Congress. House. Committee on Banking and Financial Services. Subcommittee on Financial Institutions and Consumer Credit,1998 *Macroeconomics* Paul R. Krugman,Robin Wells,2009-02-28 Paul Krugman is one of the leading economic thinkers of our time The examples he uses in this book include international experiences so will appeal to a European audience and give students a more realistic view of how economics works in the real world **Gale Directory of Publications and Broadcast Media** ,2005 Identifies specific print and broadcast sources of news and advertising for trade business labor and professionals Arrangement is geographic with a thumbnail description of each local market Indexes are classified by format and subject matter and alphabetical by name and keyword **Modern Principles of Economics** Tyler Cowen,Alex Tabarrok,2009-10-09 From the authors See the Invisible Hand Understand Your World That s the tagline of Modern Principles and our teaching philosophy Nobel laureate Vernon Smith put it this way At the heart of economics is a scientific mystery a scientific mystery as deep fundamental and inspiring as that of the expanding universe or the forces that bind matter How is order produced from freedom of choice We want students to be inspired by this mystery and by how economists have begun to solve it Thus we show how markets interconnect and respond in surprising ways to changes in resources and preferences Consider for example how markets respond to a reduction in the supply of oil Of course the price of oil increases giving consumers an incentive to use less and suppliers an incentive to discover more But an increase in the price of oil also encourages Brazilian sugar cane farmers to devote more of their production to ethanol and less to sugar thereby driving up the price of sugar An increase in the price of sugar means a reduction in the quantity of candy demanded So one way the market responds to a reduction in the supply of oil is by encouraging consumers to eat less candy In analyses like this we teach students to see the invisible hand and in so doing to

understand their world Similarly we offer a unique and simple proof of the amazing invisible hand theorem that without any central direction competitive markets allocate production across firms in a way that minimizes aggregate costs To understand their world students must understand when self interest promotes the social interest and when it does not Thus Modern Principles has in depth analyses of externalities public goods and ethical issues with market incomes and trade Moreover we always discuss economic theory in the context of real world problems such as the decline of the ocean fisheries climate change and the shortage of human organs for transplant Macroeconomics N. Gregory Mankiw,2009-07-28 The new edition of this bestselling textbook covers Macroeconomics today balancing short run and long run issues in a way that emphasises the relevance of Keynesian and classical ideas to current practice Featuring the latest data and extensive coverage of the current financial crisis it is the ideal textbook for uncertain economic times Additional Supplementary products are also available Macroeconomics Study Guide ISBN 9781429233729 Macroeconomics Instructor s Resource Manual ISBN 9781429239363 Macroeconomics Instructor s Solution Manual ISBN 9781429239424 Macroeconomics Computerized Test Bank CD ROM ISBN 9781429239349 Macroeconomics Printed Test Bank ISBN 9781429239356 Macroeconomics WebCT ISBN 9781429239370 *The Standard Periodical Directory* ,2003 **More Guerrilla Marketing Research** Robert J. Kaden,Gerald Linda,Jay Conrad Levinson,2009-09-03 More Guerrilla Marketing Research the follow up title to Guerrilla Marketing Research destroys the myth that only big companies can afford marketing research The new book focuses on why small and mid sized businesses can benefit from conducting focus groups and surveys and how they can do it by asking the right questions the right way and effectively using the answers to make more money Authored by Robert J Kaden Gerald Linda and Jay Conrad Levinson More Guerrilla Marketing Research includes new and updated material on setting research goals and objectives how to set a research budget secondary research qualitative research research into emotions customer satisfaction research and the future of marketing research This compelling book will take readers on a fascinating journey through one of the most misunderstood and under utilized marketing techniques The secrets unveiled and the tips offered will benefit the most sceptical business owner manager or entrepreneur **Approaching Environmental Issues in the Classroom** Margaret T. Pennock,1994 One of a series of environmental education EE units intended for use by any workshop facilitator who wants to help teachers address environmental issues in their classrooms The unit includes advice on getting around barriers to introducing students to controversial issues guidelines on choosing an issue to investigate skills students and teachers need to develop and ways to present a 5 step process for solving environmental problems Management Fundamentals ,
