*Awhile* Kara Eidson,2023-09-26 Experience Advent anew through the lens of hospitality this holiday season While the world tries to rush us into Christmas decorating the day after Halloween and packing it all up once the gifts are opened on December 25 Advent is a season of preparation that like our holiday gatherings themselves takes time and care Think of the anticipation that comes with hosting loved ones for Christmas dinner We begin by extending an invitation We make plans and as the event draws closer we begin our preparations Ultimately we open the door and welcome our guests and that is when finally we celebrate Advent should feel the same way a time to make ready for the long awaited event of Christ s birth In *Stay Awhile* pastor Kara Eidson presents a banquet table of inspiration for Advent including weekly reflections for personal and small group use brief daily devotions and ideas to involve the whole congregation Congregational resources include liturgies sermon starters children s moments and even a no rehearsals needed Christmas pageant You can also use video

introductions for each session from the author to inspire your individual or group study *Community Schools in Africa*

Deborah Glassman,Jordan Naidoo,Fred Wood,2007-04-24 Over the past decade community schools similar to those supported by Save the Children have been established in many developing countries and especially in sub Saharan Africa As large numbers of children attend schools started and managed by their own communities and or by nongovernmental organizations questions have come up about the impact of such schools at large scale Can village based or community schools have a national impact on access to education spur improved long term development strategies and education policy or achieve or influence Education for All This book explores these and related questions drawing on Save the Children s experience with community based schooling in four countries Ethiopia Malawi Mali and Uganda The literature on community schools in Africa tends to be sparse repetitive and highly descriptive with little or no sustained critique of practice This book fills a substantial gap in the education literature and is particularly timely given the current emphasis on decentralization and community involvement in education **Celebrating The 12 Days of Christmas**

Chris Marchand,2019-10-10 The song The 12 Days of Christmas is a mainstay of the holiday season but the practice of celebrating Christmas as a twelve day festival fell out of fashion long ago in most cultures In *Celebrating the 12 Days of Christmas* author Chris Marchand explores the history behind the season and individual feast days from December 25 to January 6 and then offers suggestions for how you can celebrate it with your family church or community Along with this he provides answers to many of the nagging questions surrounding the holiday such as the history behind the twelve days song why December 25 was chosen as the date and what to do about its supposedly pagan origins The challenge before us is to first help people see Christmas as a holiday that begins rather than ends on December 25 and then to together figure out how to reinvent Christmas in the present by learning how it was celebrated in the past *Streamlining LIS Research*
