covered by Joesph Mtisi Munyaradzi Nyakudya and Teresa Barnes After independence in 1980 Zimbabwe enjoyed a period of buoyancy and hope James Muzondidya s chapter details the transition from buoyancy to crisis and Brian Raftopoulos concludes the book with an analysis of the decade long crisis and the global political agreement which followed *State Politics in Zimbabwe* Jeffrey Herbst,2023-04-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990 *Ancient and Indigenous Wisdom Traditions in African and Euro-Asian Contexts* Ehaab Abdou,Theodore Zervas,2024-08-01 This book brings attention to the understudied and often overlooked question of how curricula and classroom practices might inadvertently reproduce exclusionary discourses and narratives that omit or negate particular cultures histories and wisdom traditions With a focus on representations and classroom practices related especially to ancient and Indigenous wisdom traditions and cultures it includes unique contributions from scholars studying these questions in various contexts The book offers a range of important studies from key African and Euro Asian contexts including Afghanistan Albania Greece Iran South Africa Sweden T rkiye and Zimbabwe The various chapter contributions address and discuss nuances of each of the contexts under study The contributions also help highlight some key commonalities across these contexts including how dominant discourses and various forces have historically shaped and continue to shape and reproduce such omissions misrepresentations and marginalization In addition to seeking to reconcile with some of these ancient and Indigenous wisdom traditions and cultures the book charts a path forward towards more holistic analytical frameworks as well as more inclusive and balanced representations and classroom practices in these aforementioned geographic contexts and beyond It will appeal to scholars researchers undergraduate and graduate students with interests in Indigenous education curriculum studies citizenship education history of education religion and educational policy *African Pentecostalism, the Bible, and Cultural Resilience* Biri, Kudzai,2020-04-30 This volume based on a PhD thesis submitted to the University of Zimbabwe investigates the resilience of Shona religion and culture among ZAOGA Pentecostal Christians Whereas the Pentecostal ideology suggests that old things have passed away it appears that old things continue to have high significance for the new The book demonstrates how belief in avenging spirits witches and witchcraft value of words spoken prior to death the role status and significance of women belief in unnatural events liturgy and salvation have remained relevant to the lives of ZAOGA Shona converts The patterns of continuity discontinuity extension collaboration contradiction re interpretation and rejection between Shona traditional religion and culture and ZAOGA are explored challenging the framing of African Pentecostalism as a mere imitation and parroting of US theology The conclusion is that while ZAOGA self consciously presents itself as a sophisticated trans national and progressive Pentecostal movement members continue to wrestle with Shona indigenous

beliefs and practices An African womanist framework is adapted to challenge ZAOGA to promote the well being of women
