The Oxford History of the Novel in English Cyrus R. K. Patell,Deborah Lindsay Williams,2024-03-05 The Oxford History of the Novel in English is a twelve volume series presenting a comprehensive global and up to date history of English language prose fiction written by a large international team of scholars The series is concerned with novels as a whole not just the literary novel and each volume includes chapters on the processes of production distribution and reception and on popular fiction and the fictional sub genres as well as outlining the work of major novelists movements and tendencies This book offers an account of US fiction during a period demarcated by two traumatic moments the eve of the entry of the United States into the Second World War and the onset of the Covid 19 pandemic The aftermath of the Second World War was arguably the high point of US nationalism but in the years that followed US writers would increasingly explore the possibility that US democracy was a failure both at home and abroad For so many of the writers whose work this volume explores the idea of nation became suspect as did the idea of national literature as the foundation for US writing Looking at post 1940s writing the literary historian might well chart a movement within literary cultures away from nationalism and toward what we would call cosmopolitanism a perspective that fosters conversations between the occupants of different cultural spaces and that regards difference as an opportunity to be embraced rather than a problem to be solved During this period the novel has had significant competition for the US public s attention from other forms of narrative and media film television comic books videogames and the internet and the various forms of social media that it spawned If however the novel becomes a residual form during this period it is by no means archaic The novel has been reinvigorated over the past eighty years by its

encounters with both emergent forms such as film television comic books and digital media and the emergent voices typically associated with multiculturalism in the United States

Crossing Boundaries Aziz Abu Sarah, 2020-07-14 An essential strategy book for how to have transformative, sustainable, responsible travel experiences starting at your own front door. Recognized Peacemaker and National Geographic Explorer Aziz Abu Sarah shows how by crossing boundaries we can heal our world from stereotypes, prejudice, and ignorance. Whether you're planning future travels or exploring the diverse cultures in your own community, *Crossing Boundaries* provides strategies for growth and getting out of your comfort zone. Moving between inspirational stories, humorous anecdotes, and helpful conflict resolution tips, Abu Sarah guides you through having personal, meaningful experiences with people from different backgrounds. He sketches a vision of a kind of travel with the power to help heal the divides of a world polarized by seemingly intractable conflicts. Abu Sarah argues that transformative travel can start at home. He knows this firsthand: a former Palestinian radical, he shares his own moving story of creating connections across his divided hometown of Jerusalem and of co-founding a tour agency with a Jewish American. Today they direct Dual Narrative Tours, co-led by guides from different communities in countries like Israel and Palestine, Ireland and Northern Ireland, North and South Vietnam, and many others. Drawing on these experiences, Abu Sarah's book offers tips on how to meet people naturally and safely, design an inclusive itinerary, shop to support the local economy, deal with setbacks, and much more. A guide for going beyond museums and monuments, this book is for both the first-timer and seasoned veteran. Abu Sarah shows that if you put down your phone and strike up a conversation, you can break through the walls that separate people. You'll discover shared values, build lasting relationships, and realize that far more unites us than divides us.

The Dog Joseph O'Neill, 2014-09-09 A NEW YORK TIMES NOTABLE BOOK, LONGLISTED FOR THE MAN BOOKER PRIZE 2014, PW's Best of the Year 2014. The author of the best-selling and award-winning *Netherland* now gives us his eagerly awaited, stunningly different new novel: a tale of alienation and heartbreak in Dubai. Distraught by a breakup with his long-term girlfriend, our unnamed hero leaves New York to take an unusual job in a strange desert metropolis. In Dubai, at the height of its self-invention as a futuristic Shangri-la, he struggles with his new position as the family officer of the capricious and very rich Batros family. And he struggles even more

helplessly with the doghouse a seemingly inescapable condition of culpability in which he feels himself constantly trapped even if he's just going to the bathroom or reading e-mail or scuba diving A comic and philosophically profound exploration of what has become of humankind's moral progress The Dog is told with Joseph O'Neill's hallmark eloquence empathy and storytelling mastery It is a brilliantly original aching funny fable for our globalized times Ex-Isle Peter Clines, 2016-02-02 It is an easy thing to rule by fear It's been years since the tidal wave of ex-humans washed over the world Since then thanks to St George and his fellow heroes the community known as the Mount has been the last known outpost of safety sanity and freedom left to humanity But even for the Mount survival still balances on a razor's edge and after a disaster decimates the town's food supply the heroes must make a risky gamble to keep its citizens from starving And then the news arrives of a strange man-made island in the middle of the Pacific An island populated not just by survivors but by people who seem to be farming raising children living people who like the heroes have somehow managed to keep the spark of civilization alive Paying this place a visit should be a simple goodwill mission but as the island reveals itself to be a sinister mirror image of what the heroes have built at the Mount the cost of their good intentions becomes dangerously high Not on Fire, but Burning Greg Hrbek, 2015-09-29 Twenty-year-old Skyler saw the incident out her window Some sort of metallic object hovering over the Golden Gate Bridge just before it collapsed and a mushroom cloud lifted above the city Like everyone she ran but she couldn't outrun the radiation with her last thoughts being of her beloved baby brother Dorian safe in her distant family home Flash forward to a post incident America where the country has been broken up into territories and Muslims have been herded onto the old Indian reservations in the west even though no one has determined who set off the explosion that destroyed San Francisco Twelve-year-old Dorian dreams about killing Muslims and about his sister even though Dorian's parents insist Skyler never existed Are they still shell-shocked trying to put the past behind them or is something more sinister going on Meanwhile across the street Dorian's neighbor adopts a Muslim orphan from the territories It will set off a series of increasingly terrifying incidents that will lead to either tragedy or redemption for Dorian as he struggles to prove that his sister existed and was killed by a terrorist attack Not on Fire but Burning is unlike anything you've read before not exactly a thriller not exactly sci-fi not exactly speculative fiction but rather a brilliant and absorbing adventure into the dark heart of an America that seems ripped from the headlines But just as powerfully it presents a captivating hero A young boy driven by love to seek the truth even if it means his deepest beliefs are wrong
