Secularization and Religious Innovation in the North Atlantic World David Hempton, Hugh McLeod, 2017-05-12 In the early twenty first century it had become a cliché that there was a God Gap between a more religious United States and a more secular Europe The apparent religious differences between the United States and western Europe continue to be a focus of intense and sometimes bitter debate between three of the main schools in the sociology of religion According to the influential Secularization Thesis secularization has been an integral part of the processes of modernisation in the Western world since around 1800 For proponents of this thesis the United States appears as an anomaly and they accordingly give considerable attention to explaining why it is different For other sociologists however the apparently high level of religiosity in the USA provides a major argument in their attempts to refute the Thesis Secularization and Religious Innovation in the Atlantic World provides a systematic comparison between the religious histories of the United States and western European countries from the eighteenth to the late twentieth century noting parallels as well as divergences examining their causes and especially highlighting change over time This is achieved by a series of themes which seem especially relevant to this agenda and in each case the theme is considered by two scholars The volume examines whether American Christians have been more innovative and if so how far this explains the apparent God Gap It goes beyond the simple American European binary to ask what is American or European in the Christianity of the nineteenth and twentieth centuries and in what ways national or regional differences outweigh these commonalities

Contentious Unions Mary Beth Swetnam Mathews, 2025-02-03 A significant work of scholarship that tells us not just about these particular places but more importantly about the world of Black higher education in the decades before the civil rights movement Paul Harvey Distinguished Professor of History University of Colorado Colorado Springs In *Contentious Unions* Black Baptist Schools and White Money in the Jim Crow South Mary Beth Swetnam Mathews interweaves the stories of the founding and development of Richmond Theological Seminary Virginia Central City College Macon Georgia and American Baptist Theological Seminary Nashville Tennessee colleges that saw challenges complexities and hard won accomplishments in the Post Reconstruction era Her study begins just after the Civil War when one of these institutions provided educational opportunities for newly freed slaves and follows the fortunes of the schools through the 1960s Mathews reveals the financial curricular and identity struggles of schools that came into being and survived under difficult circumstances The institutions relied on funding from White Baptists but also had to fight against control and exploitation from those who helped them financially Though each school evolved with a different identity and educational mission Mathews concludes that they could be simultaneously symbols of racial independence as well as victims of white supremacy As oppositional spaces these schools gave their communities access to the ground floor of the civil rights movement and the author highlights their connections to some of the more famous activists such as John R Lewis Jo Ann Gibson Robinson and Gordon P Hancock Ultimately Mathews s book is a fascinating and complex account that uses the history of these three institutions to illuminate the origins of the long struggle for civil rights

Decolonizing Contemporary Gospel Music Through Praxis Robert Beckford, 2023-08-24 Is contemporary Black British gospel music a

coloniality What theological message is really conveyed in these songs In this book Robert Beckford shows how the Black British contemporary gospel music tradition is in crisis because its songs continue to be informed by colonial Christian ideas about God Beckford explores the failure of both African and African Caribbean heritage Churches to Decolonise their faith especially the doctrine of God biblical interpretation and Black ontology This predicament has left song leaders musicians and songwriters with a reservoir of ideas that aim to disavow engagement with the social historical world black Biblical interpretation and the necessity of loving blackness This book is decolonisation through praxis Reflecting on the conceptual social justice album *The Jamaican Bible Remix* 2017 as a communicative resource Beckford shows how to develop production tools to inscribe decolonial theological thought onto Black British music s The outcome of this process is the creation of a decolonial contemporary gospel music genre The impact of the album is demonstrated through case studies in national and international contexts

Keir Hardie, the Bible, and Christian Socialism Daniel L. Smith-Christopher, 2024-06-13 Daniel L. Smith Christopher focuses on the life and efforts of Keir Hardie one of the founders of the UK Labour Party and one of the foremost figureheads of trade unionism Drawing upon the work of two contemporary and significant American theorists Herbert Gutman s classic essay on Working Class Religion and Michael Gold s call for Proletarian Literature Smith Christopher marries British and American historical and theoretical debates to argue that Hardie s work is surely the quintessential example of a proletarian exegesis of the Bible Beginning with a summary of the major events in Hardie s life Smith Christopher draws both upon existing biographies and more recent historical discussions that question assumption of British social history He then reviews previous debates upon the influence of Hardie s own Christian faith upon his journalistic output and assesses three Christian Socialists whose work was advertised and reviewed by Hardie himself Dennis Hird John Morrison Davidson and Caroline Martyn Smith Christopher proceeds to Hardie s copious writings both for *The Labour Leader* and separately published lectures pamphlets and somewhat longer works of autobiography and comment Highlighting Hardie s tendency to cite favorite texts heavily from the Gospels and James but also some notable Old Testament discussions Smith Christopher proves Hardie s serious discussion of these texts beyond mere political rhetoric concluding by comparing a selection of Hardie s favorite Biblical arguments with contemporary research in Biblical Studies about these same passages evaluating the problems and possibilities of proposing a Proletarian Exegesis

The Grace of Christ, Third Edition Eric Roessing, 2023-09-28 The purpose of this book is to communicate as clearly as possible Paul s gospel of God in its depth from what I have learned over five decades of studying Paul s letters and theology But regardless of how much I have gained from teachers past and present the bottom line is that the things freely given us by God in Paul s gospel can only be known by the Spirit of God through comparing Paul s Spirit taught words with Spirit taught words 1 Cor 2 12 13 Luther s grasp of how justification in Christ and thus faith in Christ is central is verified by what Paul says in Rom 1 16 17 that in the gospel God s saving righteousness is revealed from Christ s faith to our faith The message of this book can be

summed up as follows The life of the person in Christ is to be one of trust in Christ for righteousness before God and through that faith obedience to Christ as Lord This life is possible because Christ believers have died with Christ to the lordship of the Sin and the law and are alive to God in Christ Jesus owned by him as Lord being one spirit with him The Gospel for Disordered Lives Robert D. Jones, Kristin L. Kellen, Rob Green, 2021-10-01 This volume provides an introductory guide to the theory and practice of Christ centered biblical counseling

Begbie, 2023-07-25 The Gospel Coalition 2023 Award of Distinction Arts Culture Southwestern Journal of Theology 2023 Book Award Honorable Mention Church Music Worship Christianity and the Arts Late modern culture has been marred by reductionism which shrinks and flattens our vision of ourselves and the world Renowned theologian Jeremy Begbie believes that the arts by their nature push against reductionism helping us understand and experience more deeply the infinite richness of God's love and of the world God has made In *Abundantly More* Begbie analyzes and critiques reductionism and its effects He shows how the arts can resist reductive impulses by opening us up to an unlimited abundance of meaning And he demonstrates how engaging the arts in light of a trinitarian imagination which itself cuts against reductionism generates a unique way of witnessing to and sharing in the life and purposes of God Theologians artists and any who are interested in how these fields intersect will find rich resources here and discover the crucial role the arts can play in keeping our culture open to the possibility of God **The Godless Delusion** Jim Harries, 2017-07-07 What if the whole God delusion approach is a neo colonial imposition at the linguistic and philosophical level Could it lead to unmitigated disasters in intercultural communication and development work This paradigm challenging book points to the necessity in light of contemporary impasse in intercultural understanding of God's involvement in the encounter between the West and the majority world especially Africa Failure to account for God the

cradle of imagination operative in human hearts and minds has resulted in a black hole that deeply troubles intercultural engagement between the West and others While drawing on his personal long term field experience in Africa the author cites contemporary scholarly Western literature on philosophy anthropology religion and beyond Ironically the West which values dualism instead of seeking to share it with majority world people wrongly presupposes its universality A proactive compliance to the countering of racism and to the demotion of impacts of human imagination on understanding contribute to this Effective education must be from known to unknown this text emphasizes Enabling African people to build understanding on their own epistemological foundations might be more important than exporting of pre packaged languages and educational systems from the West
