Remapping Africa in the Global Space Edward Shizha, 2014-11-26 What are the benefits and risks for Africa's participation in the globalisation nexus Remapping Africa in the Global Space is a visionary and interdisciplinary volume that restores Africa's image using a multidisciplinary lens It incorporates disciplines such as sociology education global studies economics development studies political science and philosophy to explore and theorise Africa's reality in the global space and to deconstruct the misperceptions and narratives that often infantilise Africa's internal and international relations The contributions to this volume are a hybrid of both outsider and insider perspectives that create a balanced critical discourse that can provide standard paradigms that can adequately explain predict or prevent Africa's current misperceptions and myths about the African crisis and failure status The authors provide a holistic and perhaps anticolonial and anti hegemonic perspective that can benefit a wide spectrum of academics scholars students development agents policy makers in both governmental and non governmental organisations and engage some alternative analyses and possibilities for socio politico and economic advancement in Africa The book provides up to date scholarly research on continental trends on various subjects and concerns of paramount importance to globalisation and development in Africa The book is brilliant Remapping Africa in the Global Space Propositions for Change explores Africa from the perspective of academics specialised in subject matters pertaining to the continent In this age of globalisation I find this book invaluable It is a good read as it dissects analyses and presents issues affecting the continent in an articulate and cogent way I highly recommend its use in academic institutions Magnus Mfoafo M'Carthy Assistant Professor Lyle S Hallman Faculty of Social Work Fellow of Tshepo Institute for the Study of Contemporary Africa Wilfrid Laurier University Kitchener Canada More than anything else Remapping Africa in the Global Space Propositions for Change speaks to the complex multifaceted and interfused character of the development challenges and prospects of Africa Indeed few books have examined contemporary Africa as comprehensively and insightfully as this edited volume it is widely welcomed in the African academic scholarly and research arena Joseph Mensah Professor of Geography York University Toronto

Safari Nation Jacob S. T. Dlamini, 2020-04-22 Safari Nation opens new lines of inquiry in the study of national parks in Africa and the rest of the world The Kruger National Park is South Africa's most iconic nature reserve renowned for its rich flora and fauna According to author Jacob Dlamini there is another side to the park a social history neglected by scholars and popular writers alike in which blacks meaning Africans Coloureds and Indians occupy center stage Safari Nation details the ways in which black people devoted energies to conservation and to the park over the course of the twentieth century engagement that transcends the stock black figure of the laborer and the poacher By exploring the

complex and dynamic ways in which blacks of varying class racial religious and social backgrounds related to the Kruger National Park and with the help of previously unseen archival photographs Dlamini's narrative also sheds new light on how and why Africa's national parks often derided by scholars as colonial impositions survived the end of white rule on the continent Relying on oral histories photographs and archival research Safari Nation engages both with African historiography and with ongoing debates about the land question democracy and citizenship in South Africa Pushing our Understanding of Diversity in Organizations Eden B. King, Quinetta Roberson, Mikki R. Hebl, 2020-02-01 Few time periods in the past five decades match the intensity of intergroup conflict that people around the world are currently experiencing Polarized attitudes around various sociopolitical issues such as gender equality and immigration have dominated the media and our lives Furthermore these powerful social dynamics have also impacted the places where we work and intensified existing strains on workers and workplaces To address these issues and improve organizational climates more theories research and collaborations to understand these phenomena are needed The volumes in this series will describe and instigate scholarship that advances our understanding of diversity in organizations This volume features renowned scholars who are unabashedly pushing the field by raising the questions that need to be asked by working on topics that have received far too little research attention and by holding researchers practitioners managers organizations and readers to task for doing what needs to be done to maximize social justice and egalitarian behaviors in the workplace The chapters provoke the status quo in society and in scholarship and in so doing push our understanding of diversity in organizations The Stolen Bible Gerald O. West, 2016-08-09 The Stolen Bible tells the story of how Southern Africans have interacted with the Bible from its arrival in Dutch imperial ships in the mid 1600s through to contemporary post apartheid South Africa The Stolen Bible emphasises African agency and distinguishes between African receptions of the Bible and African receptions of missionary colonial Christianity Through a series of detailed historical geographical and hermeneutical case studies the book analyses Southern African receptions of the Bible including the earliest African encounters with the Bible the translation of the Bible into an African language the appropriation of the Bible by African Independent Churches the use of the Bible in the Black liberation struggle and the ways in which the Bible is embodied in the lives of ordinary Africans **Technologies and Applications for Smart Charging of Electric and Plug-in Hybrid Vehicles** Ottorino Veneri, 2016-12-30 This book outlines issues related to massive integration of electric and plug in hybrid electric vehicles into power grids Electricity is becoming the preferred energy vector for the next new generation of road vehicles It is widely acknowledged that road vehicles based on full electric or hybrid drives can mitigate problems related to fossil fuel dependence This book explains the emerging and understanding of storage systems for electric and plug in hybrid vehicles The recharging stations for these types of vehicles might represent a great advantage for the electric grid by facilitating integration of renewable and distributed energy production This book presents a broad review from analyzing current literature to on going research projects about the new

power technologies related to the various charging architectures for electric and plug in hybrid vehicles Specifically focusing on DC fast charging operations as well as grid connected power converters and the full range of energy storage systems These key components are analyzed for distributed generation and charging system integration into micro grids The authors demonstrate that these storage systems represent effective interfaces for the control and management of renewable and sustainable distributed energy resources New standards and applications are emerging from micro grid pilot projects around the world and case studies demonstrate the convenience and feasibility of distributed energy management The material in this unique volume discusses potential avenues for further research toward achieving more reliable more secure and cleaner energy
