Post- and Transhumanism - Le Berthélaine, 2019-08-01 Preface Essay trilogy part I on post and transhumanism each part focusing separate issues Post and transhumanism are to most people new areas of interest and therefore when they encounter these discourses they have only a slight understanding of the problematics in question and the serious consequences the new bio tech era inevitably will entail The intention of the present trilogy on post and transhumanism is thus to give an introductory account of the matters and questions in play in a comprehensible way so that the trilogy will be informative and enlightening both to newcomers and those already familiar with the topic At a first glance post and transhumanism undeniably have a futuristic aura hence if one were to speak of such an era it would be one belonging to the future or merely a sci fi scenario Nonetheless this is not the case and several critics in the field argue that we in fact already live in a post and transhumanistic age A conviction Poetic Parloir endorses or at least the view that the biotech revolution is unstoppable urgent and pending And certainly the view that it will have a great impact on humankind and human existence changing our understanding of what it means to be a human and to live a human life a decisive influence that demands our moral attention as the new bio techniques evolve at a far higher pace than moral and ethics can keep up with Poetic Parloir is unique in how it introduces the pending era as it often bases itself on popular as well as acknowledged literature art and film together with perspectives of philosophy religion and science Spheres of which the reader may have a good foreknowledge and understanding This will facilitate the comprehension of the sometimes complex post and transhumanistic issues Certainly new times are pending some say the promised land the Millennial Kingdom from the Book of Revelation I say it is a rabbit hole and we are invited whether we like or not with Alice either into the wonderland of utopia or the gloomy wasteland of dystopia It needs our attention Dear reader I hereby give you Poetic Parloir part I on the topic of post and transhumanism Yours to read yours to roam yours to revel in
