**Carry Your Candle.....Go Light Your World** Usha Jesudasan, SULOCHANA ABRAHAM, 2025-07-19 At seventeen, Abraham Joseph dreamed of becoming an engineer, but God led him to Christian Medical College in Vellore, India, where he trained as a doctor. His training took him to rural India, where he saw poverty, disease, and the harsh realities of life that the poor faced every day. Whose responsibility was it to care for them? The words of Jesus echoed in his heart: "Whatever you did for one of the least of these brothers and sisters of mine, you did for me." Abraham could not turn away. Thus began a lifetime devoted to serving the poor through Community Health. With innovative ideas, he revolutionized healthcare and education in this field. In Dr. Sulochana Abraham, his wife, he found a partner whose compassion and commitment mirrored his own. Together with a dedicated team, they transformed and uplifted rural communities. This book tells the heartwarming story of Abraham and Sulochana's extraordinary work, their enduring romance, and unwavering commitment to their vision and their families.

**Feminist Futures of Work** Payal Arora, Usha Raman, René König, 2025-10-01 The future of work is at the centre of debates related to the emerging digital society. Concerns range from the inclusion, equity, and dignity of those at the far end of the value chain who participate on and off platforms, often in the shadows, invisible to policymakers, designers, and consumers. Precarity and informality characterize this largely female workforce across sectors ranging from artisanal work to salon services to ride hailing and construction. A feminist reimagining of the futures of work, what we term as FemWork, is the need of the day and should manifest in multiple and various forms, placing the worker at the core and drawing on her experiences, aspirations, and realities. This volume offers grounded insights from academic, activist, legal, development, and design perspectives that can help us think through these inclusive futures and possibly create digital social and governance infrastructures of work that are fairer and more meaningful.
