Specific suggestions are also offered for children whose first language is not English. *Spelling K 8* addresses the issues that administrators and parents are concerned about especially phonics and learning high frequency words and offers teachers a wealth of strategies and resources to draw on. *Spelling K 8* assists teachers in understanding current beliefs about teaching and learning and means of translating these into classroom practice implementing specific types of spelling investigations such as sounds, spelling patterns or suffixes by clearly outlining the general process involved in spelling explorations identifying the possible spelling focuses for children in each grade level taking into consideration their needs and the explorations they have been introduced to in previous years relating the teaching of spelling to reading and writing experiences in a variety of curriculum areas knowing the generalizations children need to learn to enable them to understand how written English works. *Spelling K 8* will help you plan the teaching of spelling at a whole school level and at each grade level.
