Ellis,2009 An entertaining well researched study details naval battles and coastal incursions through diaries and regional news articles on the War of 1812 New England was hard hit by the War of 1812 with Great Britain The war severely injured the maritime and commercial economy and inflamed the difference in interests between the Northeast and the rest of the country where agriculture was the mainstay The author has combed sources near and far bringing to life a drama that was international in scope but so local in impact **Constantinople to Córdoba** Michael Greenhalgh,2012-08-01 A survey of the various ways in which the extensive remains of ancient architecture were reused or destroyed in the crescent from Greece and Turkey through Syria Palestine North Africa to Islamic Spain The book complements and echoes some of the themes in the author s Marble Past Monumental Present 2009 Offering a large number of varied examples it examines how the ancient landscape was transformed towns roads and ports fountains and waterways tombs palaces villas and inscriptions It then addresses reuse in churches mosques and other structures dealing also with collectors and museum builders Also considered are the dismantling and transport of the often massive blocks and the superstitions surrounding antiquities which contributed to their continuing renown or to their destruction *Oxford Dictionary of English* Angus Stevenson,2010-08-19 19 pages of contents in middle of book between end of L and beginning of M *Mugabe* Martin Meredith,2009-04-28 Robert Mugabe came to power in Zimbabwe in 1980 after a long civil war in Rhodesia The white minority government had become an international outcast in refusing to give in to the inevitability of black majority rule Finally the defiant white prime minister Ian Smith was forced to step down and Mugabe was elected president Initially he promised reconciliation between white and blacks encouraged Zimbabwe s economic and social development and was admired throughout the world as one of the leaders of the emerging nations and as a model for a transition from colonial leadership But as Martin Meredith shows in this history of Mugabe s rule Mugabe from the beginning was sacrificing his purported ideals and Zimbabwe s potential to the goal of extending and cementing his autocratic leadership Over time Mugabe has become ever more dictatorial and seemingly less and less interested in the welfare of his people treating Zimbabwe s wealth and resources as spoils of war for

his inner circle In recent years he has unleashed a reign of terror and corruption in his country Like the Congo Angola Rwanda Sierra Leone and Liberia Zimbabwe has been on a steady slide to disaster Now for the first time the whole story is told in detail by an expert It is a riveting and tragic political story a morality tale and an essential text for understanding today's Africa
