Users Manual For Elegant:

Elegance Andreas Buergi, 2020-06-09 What is Elegance Coco Chanel stated that simplicity is the key to any kind of true elegance But I dare to differ Very often simplicity is not elegant at all If we over simplify our world it becomes mono dimensional monochrome lifeless and boring If we simplify our world view to an extent where the good cowboys wear white hats and the bad cowboys black hats we miss the multi colour richness of experience the real world has to offer Instead of trying to manage the complexities we face through black and white reductionism we need to embrace our complex reality merging with it thus gaining a deep complete and essential understanding of it Once we have achieved a state of total immersion in a topic we may find that elegant solutions suddenly present themselves in the most unexpected moments like a flash of lightning when inspiration strikes Elegant solutions may seem simple at first but don't be deceived This type of simplicity is rich complex and deeply satisfying It addresses the real root causes of a situation and it usually has a broad ranging effect In the fields of information technology mathematics and engineering elegant solutions provide a surprisingly simple method which is normally not obvious at first sight to produce a highly effective result often solving multiple problems at once even problems which may not be inter related Maybe Coco Chanel's little black dress can teach us a lesson about true elegance This little black piece of magic is designed to reveal just enough and hide just enough of the lady wearing it in order to highlight her beauty whilst at the same time concealing possible challenges in the most complimentary way Ideally the little black dress should not be noticed at all by the beholder If it does its job well it should simply act as a platform on which the lady can shine Elegant solutions are often gentlemanly unassuming polite working their miracles in the background They don't have to promote themselves Elegant results speak for themselves
