Eberle,2016-02-05 Justice and the Just War Tradition articulates a distinctive understanding of the reasons that can justify war of the reasons that cannot justify war and of the role that those reasons should play in the motivational and attitudinal lives of the citizens soldiers and statesmen who participate in war Eberle does so by relying on a robust conception of human worth rights and justice He locates this theoretical account squarely in the Just War Tradition But his account is not merely theoretical Justice and the Just War Tradition has a variety of practical aims one of the most important of which is to serve as an aid to moral formation The hope is that citizens soldiers and statesmen whose emotions and aspirations have been shaped by the Just War Tradition will be able to negotiate violent communal conflict in ways that respect the demands of justice So Justice and the Just War Tradition articulates a theoretically satisfying and practically engaging account of the reasons that count in favor of war Moreover Eberle develops that account by engaging contemporary theorists both philosophical and theological by according due deference to venerable contributors to the Just War Tradition and by integrating insights from military memoir the history of war and the author's experience of teaching ethics at the United States Naval Academy

Welles,2014-08-15 Gideon Welles's 1861 appointment as secretary of the navy placed him at the hub of Union planning for the Civil War and in the midst of the powerful personalities vying for influence in Abraham Lincoln's cabinet Although Welles

initially knew little of naval matters he rebuilt a service depleted by Confederate defections planned actions that gave the Union badly needed victories in the war's early days and oversaw a blockade that weakened the South's economy Perhaps the hardest working member of the cabinet Welles still found time to keep a detailed diary that has become one of the key documents for understanding the inner workings of the Lincoln administration In this new edition William E and Erica L Gienapp have restored Welles's original observations gleaned from the manuscript diaries at the Library of Congress and freed from his many later revisions so that the reader can experience what he wrote in the moment With his vitriolic pen Welles captures the bitter disputes over strategy and war aims lacerates colleagues from Secretary of State William H Seward to General in Chief Henry Halleck and condemns the actions of the self-serving southern elite he sees as responsible for the war He just as easily waxes eloquent about the Navy's wartime achievements extols the virtues of Lincoln and drops in a tidbit of Washington gossip Carefully edited and extensively annotated this edition contains a wealth of supplementary material The appendixes include short biographies of the members of Lincoln's cabinet the retrospective Welles wrote after leaving office covering the period missing from the diary proper and important letters regarding naval matters and international law     *Halleck's International Law* Henry Wager Halleck, 1908     **United States Supreme Court Reports**
