It's a story of on and off screen romance told in hilarious and emotional detail of casting choices that nearly changed everything which even some of the actors didn't know until now of cast members bravely powering through personal tragedies and when it came time to announce the 12th season would be its last the complicated reasons why it was more difficult than anyone ever led on. The book is the ultimate celebration of this once in a generation show and a must have for all fans. AN INSTANT NEW YORK TIMES BESTSELLER A USA TODAY BESTSELLER NAMED A BEST BOOK OF 2022 BY GLAMOUR. Talking with Jessica I realized how easy it had been for me to kind of put all 12 years of my time on Big Bang Theory under one general umbrella as it were. The questions she asked and the information she'd reveal to me from someone else she'd interviewed forced me into a frame of mind where each season and sometimes each episode became its own separate entity again. Frankly it turned into a version of therapy I hadn't realized I'd needed and couldn't have known how much I'd enjoy Jim Parsons.
