**The Armed Forces Officer** Richard Moody Swain, Albert C. Pierce, 2017. In 1950 when he commissioned the first edition of *The Armed Forces Officer*, Secretary of Defense George C. Marshall told its author S. L. A. Marshall that American military officers of whatever service should share common ground ethically and morally. In this new edition, the authors methodically explore that common ground, reflecting on the basics of the Profession of Arms and the officer's special place and distinctive obligations within that profession and especially to the Constitution.

Saltwater Leadership Second Edition Robert Wray, John B. Mustin, Theodore P. LeClair, Andrew Ledford, 2021-05-15. *Saltwater Leadership Second Edition* is about leadership in the maritime environment. The unforgiving dynamic and unconquerable nature of the sea requires direct leadership, often with very little margin of error. The unique and common nature of professional life on the sea applies not only to junior naval leaders but also to officer and enlisted leaders from the Marines, Coast Guard, and Merchant Marines. Based on decades of leadership experiences, *Saltwater Leadership* covers a wide variety of topics, including basic junior officer leadership, taking care of people, providing forceful backup, leadership, and culture, and professional competence.
