Globalization, Culture and Society in Laos Boike Rehbein, 2007-08-13 Incorporating original fieldwork carried out over a period of more than ten years combined with innovative theoretical argument Globalization Culture and Society in Laos presents one of the first sociological investigations into modern Laos Boike Rehbein gives a fascinating overview of contemporary Lao culture and society whilst linking local and national phenomena to tendencies of globalization and the history of the region The book introduces a new theoretical approach based on the sociology of Pierre Bourdieu applying this sociology to the interpretation of Lao history It also examines various aspects of Lao culture and society including economics politics language higher education music and religion Rehbein concludes by attempting to synthesize these cultural elements with the impact of globalization to give a synopsis of
