Oscar Wilde's first published story and it premiered in the magazine *The Court and Society Review* February 1887. Later it was published in a collection of short stories titled *Lord Arthur Savile's Crime and Other Stories* 1891. Set in late the 19th century it tells about an American family's encounter with the ghost of an English nobleman. The setting is an old English country house, *Canterville Chase*. It has all the trappings of a traditional haunted house but the family that comes to live there belongs to a practical modern way of life. This sets the stage for the novella. A contrast is shown between traditional English society which has its roots in a nearly two thousand year old history and modern practical American society which belongs to a nation discovered only in the 17th century. The seller of *Canterville Chase*, Lord *Canterville*, and the buyer, Mr *Otis*, represent these two cultures respectively. The ghost of Sir *Simon*, a family ancestor, tries his best to scare the *Otis* family with the most gruesome appearances. However, the realistic American family refuses to get scared and Sir *Simon* ends up only with comic failures. *The Canterville Ghost* is the kind of story one would write if one wanted to make fun of hair-raising ghost stories. Yet there are moments of pure sentiment that do not seem misplaced in the narrative. Wilde's mastery over sentiment and comedy alike makes this book a perennial favourite. Not surprisingly, the novella has been widely adapted for the screen, theatre, and graphic medium.
