americans to Hinduism I feel like the message of Hinduism is one that is sorely needed in these times In this book I m not going to try to explain everything about Hinduism there are a million very fine books that already do that and they re written by scholars much more qualified than me to do that What I m aiming to do is to introduce you to Hindu dharma and present the case as to why you should look into it and seriously consider embracing it I feel like a lot of people out there are genuinely interested in Hinduism but don t know what to do about it Or maybe they re practicing some kind of Hindu ish spirituality at home in private but are nervous or shy for some reason about going to the temple or taking their Hinduishness to the next level If you feel like I m talking about you right now I wrote this book for you Maybe you re pagan heathen and you re interested in Hinduism too because of Paganism s ancient connection to Hinduism This book is for you too I try to answer basic questions people have about Hinduism and address misconceptions people might have I also give advice on spiritual practice I m not an english major I write in the common tongue like I speak so I feel like this book is probably going to be really easy to understand and it s going to be a lot like having a deep spiritual conversation with your uncle or good friend If you re a fellow seeker on the spiritual path this book is for you Namaste and enjoy Rational, Ethical and Spiritual Perspectives on Leadership Peter Pruzan,2009 The author s experiences in many organizational and cultural contexts are reflected in this book s selection from his writings during the past twenty years They portray an evolution in his mind set from rational to ethical to spiritual perspectives on leadership This evolution is not just a personal matter it reflects developments that are taking place although usually tacitly at the individual and corporate level throughout the world A primary motivation underlying the development of the book is to inspire leaders as well as teachers and students of leadership to integrate their hearts minds and souls when making decisions and to develop the awareness and conviction that wise and successful leadership is concerned not only with effectiveness and wealth generation but also with contributing to the well being and fulfilment of all those whom one serves as a leader The book is divided into six interrelated themes Morals and Ethics Ethical Accounting Values and Leadership Identity Responsibility and Spiritual based Leadership
