Moore,2017-08-03 Does your life need a boost Are you on the verge of giving up Do you feel lost and hopeless about the direction of your life The Bible says God is love 1 John 4 16 The experience of God s love will strengthen faith In turn fueled by the power of His love one builds the necessary faith to stay the course Author Robert F Moore meditated on the meaning of life for a year and the result is Faithbook Faith Through the Love of God At its core it s an everyman journey seeking the answer to the question Why am I here His compact and deeply personal essays on topics like the nature of sin and the power of love reveal not only why it is important to read the Bible but also how to do so Armed with the meaning behind biblical passages readers will rediscover the Bible as a contemporary reference book for living complete with the answers to questions they re seeking Faithbook is a call to action for the average person hungry for wisdom and open to an energized approach to faithful living **U.S. Army Afghan National Army Infantry and Counterinsurgency COIN Manual** , Foreword This manual takes a general approach to COIN The Army recognizes that every insurgency is contextual and presents its own set of challenges You cannot fight the Taliban the way you would fight the former Soviet Union the application of principles and fundamentals to deal with each vary considerably Nonetheless all insurgencies even today s highly adaptable strains remain wars amongst the people employ variations of standard themes and adhere to elements of a recognizable revolutionary campaign plan This manual therefore addresses the common characteristics of insurgencies It strives to provide those carrying out a counterinsurgency campaign a solid foundation on which to build in seeking to understand and address specific insurgencies A counterinsurgency campaign is as described in this manual a mix of offensive defensive and stability operations conducted along multiple lines of operation It requires Soldiers to employ a mix of both familiar combat tasks and skills more often associated with nonmilitary agencies with the balance between them varying depending on the local situation This is not easy Leaders at all levels must adjust their approach constantly ensuring that their elements are ready each day to be greeted with a handshake or a hand grenade to be nation builders as well as warriors to help reestablish institutions and local security forces to assist in the rebuilding of infrastructure and basic services and to facilitate the establishment of local governance and the rule of law The list of such tasks is a long one and involves extensive coordination and cooperation with a myriad of intergovernmental indigenous and international agencies Indeed the responsibilities of leaders in a counterinsurgency campaign are daunting and the discussions in this manual endeavor to alert them to the challenges of such campaigns and to suggest general approaches for grappling with those challenges Conducting a successful counterinsurgency campaign thus requires a flexible adaptive force led by agile well informed culturally astute leaders It is our hope that this manual provides the necessary guidelines to succeed in such a campaign in operations that inevitably are exceedingly difficult and complex
