C Great emerald-green warblers (*Troglodytes aedon*) have bright green plumage during summer. They are generally found in dense forests.

Figure 1: Schematic representation of the experimental design. The diagram shows a sequence of events: a subject is presented with a stimulus (a word or image), then a response is recorded, and finally, the response is compared to the stimulus. The response is either correct or incorrect, leading to either a reward or a punishment. The stimulus is either a word or an image, and the response is either a word or an image.
