Where Is Goerge Mokhari:

Beyond Memory Max Mojapelo, 2008 South Africa possesses one of the richest popular music traditions in the world from marabi to mbaqanga from boeremusiek to bubblegum from kwela to kwaito Yet the risk that future generations of South Africans will not know their musical roots is very real Of all the recordings made here since the 1930s thousands have been lost for ever for the powers that be never deemed them worthy of preservation And if one peruses the books that exist on South African popular music one still finds that their authors have on occasion jumped to conclusions that were not as foregone as they had assumed Yet the fault lies not with them rather in the fact that there has been precious little documentation in South Africa of who played what or who recorded what with whom and when This is true of all music making in this country though it is most striking in the musics of the black communities **Beyond Memory** Recording the History Moments and Memories of South African Music is an invaluable publication because it offers a first hand account of the South African music scene of the past decades from the pen of a man Max Thamagana Mojapelo who was situated in the very thick of things thanks to his job as a deejay at the South African Broadcasting Corporation This book astonishing for the breadth of its coverage is based on his diaries on interviews he conducted and on numerous other sources and we find in it not only the well known names of recent South African music but a countless host of others whose contribution must be recorded if we and future generations are to gain an accurate picture of South African music history of the late 20th and early 21st centuries

The Boy Who Never Gave Up Emmanuel Taban, 2021-03-15 In 1994 16 year old Emmanuel Taban walked out of war torn Sudan with nothing and nowhere to go after he had been tortured at the hands of government forces who falsely accused him of spying for the rebels When he finally managed to escape he literally took a wrong turn and instead of being reunited with his family ended up in neighbouring Eritrea as a refugee Over the months that followed young Emmanuel went on a harrowing journey often spending weeks on the streets and facing many dangers Relying on the generosity of strangers he made the long journey south to South Africa via Ethiopia Kenya Tanzania Mozambique and Zimbabwe travelling mostly by bus and on foot When he reached Johannesburg 18 months after fleeing Sudan he was determined to resume his education He managed to complete his schooling with the help of Catholic missionaries and entered medical school qualifying as a doctor and eventually specialising in pulmonology Emmanuel s skills and dedication as a physician and his stubborn refusal to be discouraged by setbacks led to an important discovery in the treatment of hypoxaemic COVID 19 patients By never giving up this son of South Sudan has risen above extreme poverty
