arose It was a story of great friendship unrestricted imagination and the power of stories that last It was about three best friends who could not be separated Lily a child with a special gift Oliver her naughty friend and Elara a character from a book who came to life Lily had always been able to bring book characters to life in a special way People from all over the town came to see the magic and her gift shocked them Along with Oliver and Elara they went on many adventures with their literary friends blurring the lines between fantasy and reality Things turned upside down for them when a strange firefly led Lily to an old dusty book in the town library The protector of all stories lived in a magical forest deep in the mountains as this book explained Someone who had never been outside of a book had to come to life so they could go to this strange place Their trip was dangerous but they were determined and kept going until they reached the magical forest s hidden valley As the guardian of stories the Storykeeper showed up as a beautiful creature and gave them a wonderful gift They could now call on figures from any book so they didn t need to carry around a real copy When they got back to their town they showed off their newfound power by making characters appear out of thin air which made the people there very happy When stories came to life the neighborhood which had been quiet became very lively Lily Oliver and Elara were careful and quiet with their gift which kept the purity of stories safe People looked forward to their storytelling meetings in the village square where they told stories of bravery wisdom and adventure The three people s friendship stayed strong over time Oliver s bravery Elara s interest and Lily s loyalty all showed that their partnership would last They kept traveling the world together connecting the fictional and real worlds Their story was a celebration of the power of stories that doesn t change a lesson that stories are what make up our lives The story would live on through many generations of dreamers who would rediscover the magic of fantasy and start their own amazing journeys in the world of stories

### The Story s Start

Lily was a girl who lived in a cute town tucked away among peaceful hills and bright lush trees In this quiet neighborhood Lily s presence was always there keeping things calm By most measures she wasn t a special child but she had a unique skill that made her stand out from the other kids in the village Her special skill was being able to bring personalities from books to life For as long as she could remember Lily s skill to charm people had made her life magical She had seen it for the first time when she was just a baby which shows how naturally connected she was with stories Her folks didn t understand what she was doing when they found her buried in her favorite books What came next was nothing less than magical Characters that were only ever seen in pen and paper were now free to move around her room and dance as if they were real Her parents will never forget that day because they knew from then on that their daughter was meant for great things Lily s one of a kind gift quickly got around the town There were people from all over the neighborhood who came to see this amazing event With their favorite books in hand they would wait in anticipation as Lily s sweet voice brought the words to life The figures would suddenly come to life after being stuck in the pages for a long time filling the air with shock and energy Lily had become the thing that it was because the town had never seen anything like it before Despite all the beauty and wonder there was one person who was

always with Lily on her amazing journey the ever watchful Oliver Oliver her best friend was always looking for thrills and trouble He loved every chance to see the characters come out in all their bright glory to cross the meadows that surrounded their beloved town Lily and Oliver had many experiences with their book friends They sailed with pirates on the high seas and tamed dragons in remote areas One bright sunny morning Lily was reading a book under the shade of a big oak tree Suddenly a rush of wind blew through the leaves and a voice asked her something The voice said Lily would you like to join the biggest adventure of all Lily looked all around for the voice but she couldn't find it The source stayed elusive and its presence was tantalizingly mysterious She answered with both interest and fear Who are you and where can I find you The voice which was hidden laughed in a sly way I am here right within this very tree It went off When Lily looked up she was shocked to see a bright firefly curled up among the trees Lily said You are a firefly The firefly was very bright and noticeable Indeed I am And there's something I know something that you don't Lily asked Tell me what is it She was interested The firefly's secret was told with even more brilliance Deep in the village library there is an old forgotten book that tells the story of a mythical forest that lies in the heart of the dangerous mountains Whispers say that this forest is home to a magical creature that protects all stories But to find this creature one must bring to life a character that has never been outside the pages of a book Lily and Oliver looked at each other with excitement knowing that the pages were as thin as butterfly wings and the cover was worn from being touched by time over and over again They kept the promise of an unforgettable trip Lily picked out Elara a smart and brave girl from an old fairy tale from the worn out pages As Lily spoke Elara walked up in front of them her eyes filled with shock Oliver yelled Welcome to our world Elara with happy tears in his eyes Elara blinked and looked around with wide eyes Elara quickly agreed because she was naturally eager to move when Lily asked Where am I To which Elara replied Where am I The adventure began with the group going through dense woods climbing steep hills and crossing raging rivers During their journey they met strange creatures and got through many trials but their desire never changed Their resolve was fueled by the single goal of finding the magical forest After days of hard work they finally found a hidden valley tucked deep into the mountains In front of them was the door to the magical forest The old trees there were so tall that they were scary and the air was filled with magic It was a place where stories could go beyond the limits of written words and figures from many stories could roam freely As I went deeper into the forest the guardian of stories appeared It was an ethereal being with wings that sparkled and its eyes were filled with the knowledge of many ages The thing called itself the Storykeeper which means it kept the world's stories Lily Oliver and Elara talked to the Storykeeper about their journey and how they wanted to bring more characters to life Because they loved the art of talking so much the Storykeeper gave them a magical gift They could now make any book character come to life without having to find a real person to play the part

Character is Structure Ted Wilkes,Phil Hughes,2023-03-09 This book seeks to reshape the way that writers think about constructing their story looking at the subject from the inside out Often practitioners and theorists examine work through the separate lenses of character and or structure and then bring them together Within this book authors Hughes and Wilkes argue that character is structure and one without the other makes for a dissatisfying narrative Through detailed case studies on films that span all genres from mainstream franchises like The Hunger Games 2012 2015 and Shrek 2001 2010 to art house films such as Toto Le Heros 1991 and Eraserhead 1977 the authors reveal the dramatic imperative behind the central choices or dilemmas faced by every protagonist in every classic feature length narrative They argue there is only one of five choices that any writer must make in inventing that key transition from the protagonist s ordinary world into the adventure that will form the heart of their story Using the universal language of folk and fairy stories this book gives writers and students a clear framework through which they can reference and improve their own storytelling In doing so it enables both the novice and experienced screenwriter to tell their story in the most authentic and impactful way while keeping their protagonist at the heart of the narrative
