Your new planter has been designed, built and tested to assure highest quality and maximum life.

This manual is to be used as a handy reference for necessary adjustments to adapt planter to work properly in various soil and field conditions. Read and study manual completely before attempting to operate planter.

This planter is a complex machine with many parts. To operate correctly it must be adjusted correctly. Become completely familiar with planter before attempting to plant with it. After initial operation of approximately 50 feet, inspect rows for depth, spacing, and seed compaction to assure that all adjustments have been properly made.

Occasionally new parts may be required or special planting problems may arise which are not covered in this manual. If so, we urge you to contact your dealer for assistance.

Safety instructions stated in manual are for your protection. Read them carefully and follow closely when around machines.
