White Paper Hong Kong:

The Hong Kong Basic Law Ming K. Chan, David J. Clark, 1991-01-01 Analyses how China's socialist legal principles are incorporated into the Basic Law and examines the conflicts in the drafting process between maintaining China's control and achieving genuine democracy and autonomy

Education in Hong Kong, 1941 to 2001 Anthony Sweeting, 2004-07-01 It provides comprehensive coverage of developments in formal and informal education in Hong Kong from the end of 1941 to the beginning of the new millennium As was true of its predecessor each Part of this book is subdivided into three sections Commentary Chronicle and Evidence Such an organization facilitates flexible reading Readers primarily interested in analysis interpretation and the identification of themes are likely to focus initially on the Commentary sections and to move as they feel stimulated to the relevant entries in the Chronicle and or items of Evidence Readers who seek either more encyclopedic understanding or detailed answers to specific questions may well wish to focus primarily or at least initially on the Chronicle sections and then to search for substantiation in the Evidence section or for amplification in the author's Commentary At times some readers may wish to browse through the Evidence sections reaching possibly serendipitous discoveries Academic and general readers are likely to be particularly interested in Part I of the book which deals with education in Hong Kong during the Japanese occupation a topic that has received only very rare and generalization bound treatment in other publications The author offers insights into all levels of education His conceptual scope incorporates many types of education including the mainstream academic education technical education teacher education special education physical education civic education education that focuses on morals that which focuses on culture and the various sorts of non formal and informal education

Rethinking the Occupy Movement in Hong Kong Shen Yang, 2024-07-25 Yang examines the political process of the Occupy Movement spanning from January 2013 when the Occupy Central with Love and Peace OCLP campaign was initiated to December 2014 when the Occupy Movement finally ended This book adopts an actor centered approach in the study of democratization and places civil society as the focus of the analysis The OCLP campaign was an attempt to transfer leadership of democratization from political parties to civil society while the incorporation of Deliberation Days further let ordinary participants decide on the electoral proposals The democratic ideals of civil society activists and the mobilization of radical democrats led the campaign to enter a radical position The Chinese government interpreted democratization in Hong Kong from a regime security perspective and took a hardliner position After the Occupy Movement finally occurred the leadership of civil society and the conception of civil disobedience contained the radical protesters However after the movement civil society organizations were blamed for its failure and contention in Hong Kong became more transgressive and decentralized This book is a valuable resource for scholars of Hong Kong's Politics and a relevant case study for those studying the dynamics of social movements and the civil society strategy in democratic transition

The Hong Kong Reader Ming K. Chan, Gerard A. Postiglione, 1996 This paperback reader provides the

student and general reader with easy access to the major issues of the Hong Kong transition crisis Contributors include both editors as well as Frank Ching Berry F Hsu Reginald Yin wang Kwok Peter Kwong Julian Y M Leung Ronald Skeldon Alvin Y So Yun wing Sung and James T H Tang the majority of whom live and work in Hong Kong and experience the transition firsthand personally and professionally **Hong Kong's Transition to Chinese Rule** Ralf Horlemann,2003-09-02

Examining developments following Hong Kong's return to Chinese sovereignty this book argues that genuine autonomy from the central government in Beijing is impossible without a democratic system in Hong Kong *A New Documentary History of Hong Kong, 1945-1997* Florence Mok,Fung Chi Keung Charles,2025-03-17 In *A New Documentary History of Hong Kong 1945-1997* Florence Mok Fung Chi Keung Charles and other contributors analyse newly released archival records from the National Archives in London the Government Records Service in Hong Kong and other sources across the world This documentary collection provides an updated and improved understanding of basic aspects of the city such as governance economy society and culture It also aims at investigating topics that are under exploited in previous sourcebooks such as race and diasporas gender and familial relations medicine and healthcare and environment and natural disasters Overall this book offers an innovative and comprehensive long term perspective of Hong Kong's colonial history This book is far more than a collection of historical documents it is a new history of Hong Kong from 1945 to 1997 As useful as these sources are for telling the history of Hong Kong during this period just as valuable are the introductions and commentaries by the contributors For while these sources tell us much about Hong Kong this book is a powerful testament to the fact that it is historians who make historical documents speak and who give them meaning John M Carroll University of Hong Kong I find a commitment to academic sharing and altruism among the editors and contributors of this sourcebook They shared with us the documents they covered in their own research They identified those that were most relevant to capturing the essential features of Hong Kong society in their chosen areas of study Tai lok Lui Education University of Hong Kong A significant contribution from a new generation of Hong Kong historians this collective effort provides clear and concise accounts of various aspects of Hong Kong's history Their insights and meticulous work in uncovering archival materials and documentary sources will enable further inquiry and foster nuanced discussions among history enthusiasts and scholars Ray Yep University of Bristol *Education and Society in Hong Kong and Macao* Mark Bray,Ramsey Koo,2005 *Education and Society in Hong Kong and Macao* M. Bray,Ramsey Koo,2006-06-28 Hong Kong and Macao have much in common The dominant populations in both territories are Cantonese speaking Chinese both are small in area both are urban societies both have been colonies of European powers and both have undergone political transition to reunification with China Yet in education for reasons that are analysed in this book they are very different The patterns of similarities and differences in the two territories make a fascinating basis for comparative study The overarching theme of the book on continuity and change is particularly pertinent following the transition of the two societies of the postcolonial era This thoroughly revised and

expanded second edition builds on the widely acclaimed first edition The work has been recognised as a significant contribution to the broad field of comparative education as well as to study of the specific societies which are its main focus

The New Politics of Beijing-Hong Kong Relations Sonny Shiu-Hing Lo, 2024-05-24 In *The New Politics of Beijing Hong Kong Relations* Sonny Shiu Hing Lo looks at the diverging changes to the ideologies from both Beijing and Hong Kong and the ideological conflicts as taken in the form of factional political struggles between 2012 and the present This book examines the paternalistic authoritarianism that can be seen in Beijing's policy toward Hong Kong since the promulgation of the national security law in late June 2020 Lo analyzes the ideological shift from liberal nationalism to conservative nationalism in mainland China which has taken place since late 2012 The increasingly radical localism in Hong Kong after 2014 transformed Beijing Hong Kong relations into a conflict ridden situation characterized by factional struggles While the imposition of the national security law into Hong Kong since late June 2020 has stabilized the city politically Beijing's policy toward Hong Kong is now guided by the principles of protecting its national security and maintaining economic pragmatism with implications for Beijing's relations with Taipei in the coming years Professor Lo's detailed and granular account of the clash between rising conservative nationalism in China and growing localist sentiment in Hong Kong offers an indispensable guide to the events and forces that culminate in the imposition of the national security law in 2020 This is an important contribution by a leading scholar and deserves a wide readership Victor Falkenheim University of Toronto Detailed intricate and informed an original and forceful analysis of the ideologies and factional politics that have shaped the recent interactions of Beijing and Hong Kong in the lead up to the 2020 national security law and beyond Paul Evans University of British Columbia Professor Lo strikes an excellently researched balanced but critical perspective sharing blame for the transformation of one country two systems on a naive radical localist populism in the HKSAR whose actions fed the fears of the Chinese government about threats to China's sovereignty over Hong Kong The resulting national security law replaced Hong Kong's pluralist system with a paternalistic one David Zweig The Hong Kong University of Science and Technology

Hong Kong's Second Return to China Jennifer Eagleton, 2025-03-24 This book is a cross disciplinary study incorporating political science law and sociolinguistics in its examination of Hong Kong's National Security Law which has impacted many aspects of life in the city Through a critical discourse analysis lens it details the lead up to the Law's introduction in 2020 a textual analysis of the Law itself the selling the Law to the public the accompanying electoral changes the effect on civil society and the discourse of dissidents in exile It ends with speculation on what the future will bring to the so called One Country Two Systems as it goes forward The book caters for the general reader the university student and seasoned academic who want to be informed about the changes in Hong Kong as it transitions to be more fully China The book ultimately argues that the One Country Two Systems experimental framework had always been problematic from both a rhetorical and ideological perspective *Political Order and Power Transition in Hong Kong* Pang-kwong Li, 1997 Leading
