

# WHO AM I?

These mystery elements are waiting to be identified. The trick is—you'll need the Periodic Table to unmask their identities. Unless you have it memorized, you'll need a copy of the table from your science book or from page 52 of this book. Read the clues about each mystery element, figure out what it is, and then write the name and symbol of the element.

**Teacher Resource Book (Academic Year 2023-24)** ,2023-05-20 Learning Elementary Chemistry Class 7 Teacher Resource Book Academic Year 2023 24      *Extra Credit* Andrew Clements,2012-03-13 It isn t that Abby Carson can t do her schoolwork She just doesn t like doing it And in February a warning letter arrives at her home Abby will have to repeat sixth grade unless she meets some specific conditions including taking on an extra credit project to find a pen pal in a distant country Seems simple enough But when Abby s first letter arrives at a small school in Afghanistan the village elders agree that any letters going back to America must be written well In English And the only qualified student is a boy Sadeed Bayat

Except in this village it is not proper for a boy to correspond with a girl So Sadeed s younger sister will write the letters Except she knows hardly any English So Sadeed must write the letters For his sister to sign But what about the villagers who believe that girls should not be anywhere near a school And what about those who believe that any contact with Americans is unhealthy Not so simple But as letters flow back and forth between the prairies of Illinois and the mountains of central Asia across cultural and religious divides through the minefields of different lifestyles and traditions a small group of children begin to speak and listen to one another And in just a few short weeks they make important discoveries about their communities about their world and most of all about themselves
