Skin Deep Larry Leichter, 2001-08-01 What if biological transmitting devices that were able to be implanted into human beings thus allowing others to listen in on their private conversations became a reality How could these devices be unknowingly inserted into their living hosts and what evil machinations could result in yet one more example of man's inhumanity to his fellow man Such is the premise for SKIN DEEP where doctor is pitted against doctor and a beautiful scientist vying for her lover's affection is willing to destroy anyone who gets in her way Enmeshed between the medical malpractice trial of the century a major epidemic threatening to wipe out the world's population and a scheme to reap billions of dollars in profit the novel winds its way from courtroom to bedroom in an ever enlarging circle of greed corruption and death Will humankind be changed forever The answer lies merely skin deep **Skin Deep** Sung J. Woo, 2020-07-21 LEFTY NOMINEE FOR BEST HUMOROUS MYSTERY NOVEL Korean American adoptee Siobhan O'Brien has spent much of her life explaining her name and her family to strangers but her more pressing problem is whether to carry on the PI agency that her dead boss unexpectedly left to her Easing into middle age Siobhan would generally rather have a donut than a romance but when an old friend asks Siobhan to find her daughter who has disappeared from her dorm room the rookie private detective's search begins in Llewellyn College A private institution of higher learning in upstate New York Llewellyn for the first time in its two hundred year history has opened its doors to men causing a clash between the female students and their former fashion model president The financial reasons prompting the change seem like a ruse when fringe group The Womyn of Llewellyn aided by Siobhan discover a newly built science center which is under 24 hour surveillance As Siobhan delves deeper into locating the missing girl and campus politics she encounters vegan cooking that just might kill her possibly deadly yoga poses and politely dangerous billionaires This first in a new series introduces an endearing PI heroine readers aren't going to want to put down **Skin Deep** Gary Kemble, 2015-07-01 When washed up journalist Harry Hendrick wakes with a hangover and a strange symbol tattooed on his neck he shrugs it off as a bad night out When more tattoos appear accompanied by visions of war torn Afghanistan bikies boat people murder bar fights and a mysterious woman he begins to dig a little deeper There's a federal election looming with pundits tipping a landslide win for opposition leader Andrew Cardinal Harry knows there's a link between these disturbing visions and Cardinal's shadowy past and is compelled to right wrongs one way or another With an intense and immediate sense of place a cracking pace and a great everyman hero *Skin Deep* is by turns thrilling and haunting and will keep readers glued to the page Angela Slatter **Adepts in Self-portraiture** Stefan Zweig, 1928 *Casanova, Stendhal, Tolstoy: Adepts in Self-Portraiture* Jay Katz, Stefan Zweig, 2017-07-12 *Casanova Stendhal Tolstoy Adepts in Self Portraiture* the final volume of Stefan Zweig's masterful *Master Builders of the Spirit* trilogy discloses the smaller version of a writer's own ego Unconscious though it is no reality is as important to the writer as the reality of their own life Giacomo Casanova Stendhal Marie Henri Beyle and Leo Tolstoy have

different approaches to self portraiture but Zweig shows that together they symbolize three levels which represent successively ascending gradations of the same creative function Casanova is depicted as having a primitive gradation he simply records deeds and happenings without any attempt to appraise them or to study the deeper working of the self Stendhal's self portraiture is depicted as psychological he observes himself and investigates his own feelings Tolstoy has the highest level he describes his own life records what led him to his own actions and focuses on self reflection in a completely unexaggerated manner At first glance it might seem as if self portraiture is an artist's easiest task With no further trouble than a probing of memory and a description of the facts of life the truth is revealed The history of literature shows that ordinary autobiographers are no more than commonplace witnesses testifying to facts that chance has brought to their knowledge A practiced artist is needed to discern the innermost happenings of the soul few who have attempted autobiography have been successful in this difficult task The present volume expounds the characteristics of these subjectively minded artists and of autobiography as their typical method of personal expression
